#### COAL FOR THE INTERIOR DEPARTMENT.

## .

### LETTER

FROM

## THE SECRETARY OF THE INTERIOR,

TRANSMITTING,

IN RESPONSE TO A RESOLUTION OF JUNE 29, 1906, A STATE-MENT RELATIVE TO THE QUANTITIES AND CHARACTER OF COAL PURCHASED DURING THE LAST FISCAL YEAR FOR THE USE OF THE INTERIOR DEPARTMENT, ETC., WITH ACCOM-PANYING MAPS, ETC., WITH REFERENCE TO AREAS OF COAL LAND NOW OWNED BY THE UNITED STATES, WITH THEIR LOCALITIES.

JANUARY 7, 1907.—Ordered to be printed, with maps.

DEPARTMENT OF THE INTERIOR, Washington, January 4, 1907.

The President of the Senate.

SIR: I am in receipt of Senate resolution of June 29, 1906, reading as follows:

*Resolved*, That the Secretary of State, the Secretary of the Treasury, the Secretary of War, the Attorney-General, the Postmaster-General, the Secretary of the Navy, the Secretary of the Interior, the Secretary of Agriculture, and the Secretary of Commerce and Labor be, and they are hereby, directed to inform the Senate: First. What quantities and character of coal were purchased during the last fiscal

First. What quantities and character of coal were purchased during the last fiscal year for the use of their Departments or any bureau or branch thereof, and what quantities have been contracted for the ensuing fiscal year or will be needed, stating in all cases who were or are the contracting parties, prices paid or to be paid, and giving in full forms and conditions of contracts.

Second. The Secretary of the Interior is directed to inform the Senate what areas of coal lands are now owned by the United States, with their localities.

In response to the first paragraph of the resolution I have the honor to submit the following statements as to the quantity and character of coal purchased for the use of this Department and institutions thereunder in Washington, D. C., during the last fiscal year, etc., and also copies of contracts embodying the specifications therefor for furnishing such coal during the fiscal year ended June 30, 1906, and for the current fiscal year, to wit:

#### DEPARTMENT OF THE INTERIOR.

Quantities and character of coal purchased during the last fiscal year (1906).

Contractor.	Quantity.	Character.	Price.	Amount.
W. H. Marlow, Washington, D. C. J. Maury Dove Co., Washington, D. C. W. H. Marlow, Washington, D. C. J. Maury Dove Co., Washington, D. C. The Allegheny Co., Washington, D. C. Total		Authracite, white ash furnace Anthraeite, white ash egg Anthracite, white ash nut Anthracite, white ash stove Bituminous, Orenda soft	\$6.00 6.35 6.65 6.65 3.65	\$3,000.00 635.00 665.00 332.50 730.00 5,362.50

#### GOVERNMENT HOSPITAL FOR THE INSANE.

Quantities and character of coal purchased during the last fiscal year (1906).

Contractor.	Quantity.	Charaeter.	Price.	Amount.
J. Maury Dove Co., Washington, D. C. Maryland Coal and Coke Co., Balti- more, Md. Total.	$\begin{array}{r} Tons. \\ 1,024\frac{12}{2}4\frac{1}{2}}{20}, 302\frac{850}{22240} \\ \hline \\ 21,326\frac{2}{2}\frac{1}{2}\frac{1}{3}6 \\ \end{array}$	land.		

In addition to the above amount of bituminous coal purchased during the fiscal year of 1906,  $598\frac{1950}{2240}$  tons at \$3.60 per ton, amounting to \$2,154.54, were purchased from the Consolidation Coal Co., Washington, D. C., and  $11\frac{13}{2240}$  tons at \$4.50 per ton, amounting to \$52.20, were purchased from S. M. Frazier, of Anaeostia, D. C., owing to the failure of the contractor to deliver a sufficient quantity of coal to supply the needs of the hospital; in cach case the excess of the cost of such coal over the contract price was charged to the contractor, and the amount of such excess deducted from the sums due the Maryland Coal and Coke Co., for coal already furnished.

Quantities and character of coal contracted for during the current fiscal year (1907).

Contractor.	Estimated quantity.	Character.	Price.	Estimated amount.
Johnson Bros., Washington, D. C National Coal Co., Baltimore, Md Total	Tons. 1,000 18,000 19,000	Anthraeite, white ash stove Bituminous, Georges Creek soft	\$5.82 2.93	\$5, 820. 00 52, 740. 00 58, 560. 00

In response to the second paragraph of the resolution, requesting to be informed what areas of coal lands are now owned by the United States, etc., I transmit herewith a copy of a letter from the Director of the Geological Survey, dated December 20, 1906, accompanied by lists (a) of townships and parts of townships known to contain workable coal beds and (b) lists of townships and parts of townships probably containing workable coal beds in the States of Colorado, Idaho. New Mexico, Montana, North Dakota, Oregon, South Dakota, Utah, Washington, and Wyoming, together with maps of such States and Territories showing the townships and parts of townships named in such lists, and also maps of the District of Alaska indicating the distribution of areas known to contain workable coal beds and areas known to contain coal-bearing rocks which may or may not contain workable coal beds.

Immediately upon receipt of this communication and the accompanying inclosures from the Director of the Geological Survey, the same was referred to the Commissioner of the General Land Office for report as to whether it would be practicable from the records of his Office to furnish information as to the title of the United States to the lands embraced in the above-mentioned lists, and, if so, how long a period would be required in order to supply such information. The Commissioner of the General Land Office, in response to such

reference, reported, under date of December 28, 1906, as follows:

The lists referred to embrace more than 100,000,000 acres of land in different States reported by the Geological Survey as containing or probably containing coal. As to the practicability of furnishing a description of those tracts in the area embraced in the lists, titles to which have passed out of the United States, or are embraced in existing claims, I have to state that with the present force of the Office it would not be practicable to furnish the information without a great neglect of the other work of the Office. I have estimated that it would require twenty clerks at least four months to do the work.

I may state, however, that from an examination made of the tract books in connection with the withdrawal of lands from entry reported to contain workable coal, which embraces a large portion of the lands described in the lists transmitted by you, it was found that something over 60 per cent of the lands were undisposed of. It would therefore appear that of the tracts described in these lists there are probably a little over 60,000,000 acres of unappropriated land.

In this connection it is proper to add that the delay incident to the preparation of the report was owing to the necessity of awaiting the return from the field of geologic parties who were especially engaged in securing accurate information concerning the coal lands in the States and Territories above named.

As considerable time has already been consumed in collecting and assembling the accompanying data relative to coal-land areas, it is not deemed advisable to further delay the submission of this report for the purpose of ascertaining, from the records of the General Land Office, the title of the United States to the lands in question. The work of securing this information, however, will be undertaken at once, and furnished the Senate at the earliest practicable date.

Very respectfully,

E. A. HITCHCOCK, Secretary.

#### GEOLOGICAL SURVEY, December 20, 1906.

To bonorable the SECRETARY OF THE INTERIOR.

SIR: In accordance with the instructions contained in the indorsement on copy of Senate resolution of June 29, 1906, transmitted July 24, 1906, I have the honor to forward the following information:

For the State and Territories:

Lists in duplicate (a) of townships and parts of townships known to contain workable coal beds, and (b) lists of townships and parts of townships probably containing workable coal beds in the States of Colorado (A), Idaho (B), New Mexico (C), Montana (D), North Dakota (E), Oregon (F), South Dakota (G), Utah (H), Washington (I), and Wyoming (J); also maps of the above-named States and Territories on which are shown the townships and parts of townships named in the above lists.

In preparing these lists Mr. Campbell, in charge of fuel investigations, has made use of all the information contained in the records of the Geological Survey, together with such other information from a variety of sources as was considered reliable.

For the District of Alaska:

Maps showing the distribution of areas known to contain workable coal beds, and (b) areas known to contain coal-bearing rocks, which may or may not contain workable coal beds, as follows:

K. General map of Alaska.

- 1. Map of Cape Lisburne region.
- 2. Map of the northeastern part of Seward Peninsula.
- 3. Map of the Colville River region.
- 4. Map of the region from Cook Inlet to the Tanana River.
- 5. Map of the Matanuska River region.
- 6. Map of the Kachsmak Bay region.
- 7. Map of the Controller Bay region.

These maps, prepared by Mr. A. H. Brooks, in charge of surveys in Alaska, are based wholly upon the work of the Geological Survey.

Very respectfully,

CHAS. D. WALCOTT, Director.

#### COLORADO.

#### Copies of contracts for the fiscal year ending June 30, 1906, for supplying the Department of the Interior and its bureaus and offices with fuel.

Articles of agreement made and entered into this 22d day of August, 1905, between W. H. Marlow, doing business under the firm name and style of W. H. Marlow, of Washington, D. C., his heirs, executors, administrators, and assigns, of the first part, and Thomas Ryan, Acting Secretary of the Interior, for and on behalf of the

United States, of the second part, Witnesseth: That the said party of the first part, for the consideration hereinafter mentioned and contained, and under the penalty expressed in a bond bearing even date herewith, covenants and agrees to furnish, during the fiscal year ending June 30, 1906, such articles as may be required by the Department of the Interior, and as have been accepted in the proposal of the said party of the first part, dated June 30, 1905, to wit: Item in the proposal numbered 1, coal, white ash pea, @ \$3.89 per ton, and coal, white ash buckwheat, @ \$3.14 per ton. All to be of No. 1 quality and to be equal to the sample furnished by the party of the first part for test under the boiler of the Department at the rate or rates specified in said proposal.

The said party of the first part further agrees to furnish the articles specified in the above-mentioned item, in accordance with, and subject to, the conditions expressed in the proposal and in the specifications hereto attached, which proposal and specifications enter into and form a part of this contract; and also in accordance with the samples furnished.

The party of the first part expressly agrees that the party of the second part shall have the right to order a greater or less quantity of each and every article named or referred to in this agreement as the public service may require; and further agrees that in case of failure to observe any, or all, of the covenants and agreements to be

performed by the party of the first part under this contract, that the Secretary of the Interior alone shall determine what constitutes a failure or default hereunder, and that such decision as he may reach in the matter shall be final and conclusive.

The party of the second part hereby agrees to pay, or cause to be paid on behalf of the United States, to the said party of the first part, his heirs, executors, adminis-trators, and assigns, for all the articles delivered hereunder the rates or prices specified in the proposal and contract.

It is further stipulated and agreed that in the performance of this contract no persons shall be employed who are undergoing sentences of imprisonment at hard labor which have been imposed by courts of the several States, Territories, or municipalities having criminal jurisdiction.

Neither this contract nor any interest therein shall be transferred by the said party of the first part to any other party or parties, and any such transfer shall cause the annulment of the contract so far as the United States is concerned. All rights of action, however, to recover for any breach of this contract by the said party of the first part are reserved to the United States.

No Member of or Delegate to Congress is or shall be admitted to any share or part in this contract or to any benefits which may arise therefrom, and the provisions of sections 3739, 3740, and 3741 of the Revised Statutes of the United States relating to contracts enter into and form a part of this agreement so far as the same may be applicable.

In testimony whereof the parties aforesaid have hereunto set their hands and affixed their seals on the day and year first above written.

> W. H. MARLOW. [SEAL.] THOS. RYAN, Acting Secretary of the Interior.

Two witnesses to each signature: M. E. TALCOTT. W. B. MARLOW.

[Proposals must be made and signed in duplicate.]

Proposal.—Fuel for the Department of the Interior.

WASHINGTON, D. C., June 30, 1905.

To the Secretary of the Interior.

SIR: The undersigned hereby propose to furnish for the use of the Department of the Interior, its bureaus and offices, and the Civil Service Commission, during the fiscal year ending June 30, 1906, in compliance with the terms of the specifications hereto attached, all the conditions of which are hereby accepted and made a part of this proposal, any or all of the articles named in the accompanying schedule, opposite which prices have been affixed, at the rates therein stated, to be delivered at the Department of the Interior, its bureaus and offices, and the Civil Service Commission, in Washington, D. C. The right is accorded to the Department to order a greater or less quantity of any

or all the articles embraced in this proposal as may be required.

W. H. MARLOW.

Specifications for fuel and ice for the Department of the Interior.

DEPARTMENT OF THE INTERIOR,

Washington, D. C., June 21, 1905.

Sealed proposals for furnishing fuel and ice for the Department of the Interior and its several bureaus and offices and the Civil Service Commission during the fiscal year ending June 30, 1906, will be received until 2 o'clock p. m., Friday, June 30, 1905, in about the following quantities, viz :

Old Post-Office Department Building. -4,000 tons of coal, anthracite, white ash, buckwheat or pea.

Pension Office. -1,200 tons white ash furnace coal; 25 cords pine wood, in stick.

Bureau of Education. -100 tons white ash furnace coal; 3 cords pine wood, sawed in four pieces; 3 cords hickory wood, sawed in four pieces.

Geological Survey.—600 tons white ash furnace coal; 10 cords pine wood, sawed in two pieces.

Patent Office Building .- 10 cords hickory wood, sawed in four pieces.

U. S. Civil Service Commission.-250 tons furnace coal; 10 cords pine wood, in stick.

#### PROPOSAL-GUARANTY.

Each proposal must be made in duplicate, on the forms furnished by the Department, and must be signed by the individual or partnership making same; when made by a partnership, the name of each partner must be signed. If made by a corporation, proposals must be signed by the officer thereof authorized to bind it by contract, and be accompanied with a copy, under seal, of his authority to sign. Bids on coal must be at so much per ton of 2,240 pounds; on wood, per cord of

128 cubic feet.

Proposals for coal must give the true name of the company or mine by which the coal offered is generally known in the market.

The proposal must be accompanied with a guaranty, signed by at least two responsible guarantors, that the bidder shall, within ten days after being called upon to do so, execute a contract in accordance with the terms of his proposal, and give a bond for the faithful performance thereof, with good and sufficient sureties as hereinafter required. The responsibility and sufficiency of the signers of such guaranty to be certified to by the postmaster, United States judge, United States attorney, or the clerk of a court of record at or nearest to the place of residence of the bidder. This guaranty must be in the penal sum of \$250 if the value of the articles embraced in the proposal is \$1,000 or less; of \$500 for a bid of more than \$1,000 and not exceeding \$5,000; of \$1,000 for a bid of more than \$5,000 and not exceeding \$10,000, and \$3,000 for a bid of over \$10,000.

#### QUANTITY AND QUALITY OF ARTICLES.

The quantities given in the schedule, as well as the division of the same between the different offices named and the places of delivery, are the estimated requirements for the fiscal year ending June 30, 1907; but it is to be distinctly understood that the Department has the right to order a greater or less quantity than the estimates herein given and to require delivery at other offices of the Department (in Washington) than those specified, as the interests of the service may require.

All articles must be of the best quality.

The coal to be thoroughly screened, free from slate, dirt, and dust.

The Department reserves the right to award contract for either buckwheat or pea coal, or for both, and to require any bidder to furnish, at the price named in his proposal, a sample of not less than 25 tons for practical test under boilers. Coal furnished under contract must equal sample in quality.

The wood must be thoroughly seasoned, merchantable, and reasonably free from knots or defects.

#### AWARD.

Bids will be considered on each item separately and contract awarded to the lowest responsible bidder.

If the bidder to whom the first award may be made should fail to enter into a contract as herein provided, then the award may be annulled and the contract let to the next most desirable bidder in the opinion of the Secretary of the Interior; and such bidder shall be required to fulfill every stipulation embraced herein as if he were the original party to whom the contract was awarded.

S. Doc. 194, 59-2-2

None of the contracts can in any case be lawfully transferred or assigned.

Contracts will be awarded only to established dealers in the articles offered.

No proposal will be considered from any person, firm, or corporation in default of the performance of any contract or agreement made with the Department, or that has failed to perform the same to the satisfaction of the Department, nor will any contract hereafter be awarded to such person, firm, or corporation.

#### DELIVERY, INSPECTION, STORAGE, ETC.

Articles furnished under this proposal and contract must be delivered in such quantities as may be from time to time ordered by the Secretary of the Interior, to be delivered and stored as directed by the Department without charge for delivery or storage.

Articles must be furnished promptly as ordered. On the failure of the contractor to deliver any article within a reasonable time after it is ordered, and of satisfactory quality, the right is reserved by the Secretary of the Interior to purchase such article in open market, if the exigencies of the service require it, or to declare the contract forfeited; and if a greater price than that of the contract be paid for such articles, the difference in the total amount of the purchase will be charged to the contractor and the sureties on the bond.

The coal and wood will be weighed or measured by a representative of the Department, as required by the act of March 2, 1895, without expense to the contractor. Wood must be corded for measurement at the place of delivery, measurements to be made by inspector, and payments will be made for measurements as corded.

Ice will be paid for according to weight delivered.

#### CONTRACTOR'S BOND.

Each contractor will be required (in the discretion of the Secretary of the Interior) to give a bond in the sum of at least 50 per cent of the amount of the contract, with two responsible individual sureties or one satisfactory surety company, conditioned upon the faithful performance by the contractor of all the covenants, stipulations, and agreements of the contract on the part of the contractor to be performed as therein set forth.

Individual sureties will be required to justify their responsibility by affidavit, showing that they severally own and possess property of the clear value in the aggregate of double the amount specified in the bond over and above all debts and liabilities and all property by law exempt from execution.

Corporate sureties, before acceptance, must show full compliance with all the requirements of the act of congress approved August 13, 1894, relating to such corporations.

Corporate sureties on bonds are preferred to individual sureties.

If at any time during the continuance of the contract the sureties, or either of them, shall die or become irresponsible or insolvent, the Secretary of the Interior shall have the right to require additional and sufficient sureties, which the contractor shall furnish to the acceptance of the Secretary of the Interior within ten days after notice, and in default thereof the contract may be annulled.

#### PAYMENTS.

Payments will be made monthly for such articles as may be delivered in conformity with the contract and accepted, and after proper examination and adjustment of accounts.

Payments may be withheld by the Secretary of the Interior if it shall appear to his satisfaction that the contract has not been complied with in any particular.

#### RESERVATIONS.

The right is reserved to reject any and all bids, to waive technical defects, and to accept any part of any bid and reject the other part if the interests of the Government shall require it; also the right to annul any contract if, in the opinion of the Secretary of the Interior, there shall be a failure at any time to perform faithfully any of its stipulations, or in case of a willful attempt to oppose upon the Government articles inferior to those required by the contract, and any action taken by him in pursuance of this latter stipulation shall not affect or impair any right or claim of the United States to damages for the breach of any of the covenants of the contract by the contractor.

#### ADDRESS OF PROPOSAL.

Proposals must be securely enveloped, sealed, and indorsed (on the envelope) "Proposals for fuel and ice," and addressed to the Secretary of the Interior, Washington, D. C.

#### [Copy of form of contract for coal 1905 and 1906.]

Articles of agreement made and entered into this thirty-first day of July, 1905, between the Allegheny Company, by Jeremiah M. Burrill, secretary and treasurer, a corporation duly organized under the laws of the State of Virginia, doing business in Washington, D. C., successors and assigns, of the first part, and Thomas Ryan, Acting Secretary of the Interior, for and on behalf of the United States, of the second part,

Witnesseth: That the said party of the first part, for the consideration hereinafter mentioned and contained, and under the penalty expressed in a bond bearing even date herewith, covenants and agrees to furnish, during the fiseal year ending June 30, 1906, such articles as may be required by the Department of the Interior and as have been accepted in the proposal of the said party of the first part, dated June 30, 1905, to wit: Item in the proposal numbered 2, coal, furnace, (@ \$5.28 per ton, at the rate or rates specified in said proposal.

The said party of the first part further agrees to furnish the articles specified in the above-mentioned item in accordance with and subject to, the conditions expressed in the proposal and in the specifications hereto attached, which proposal and specifications enter into and form a part of this contract, and also in accordance with the samples furnished.

The party of the first part expressly agrees that the party of the second part shall have the right to order a greater or less quantity of each and every article named or referred to in this agreement as the public service may require; and further agrees that in case of failure to observe any, or all, of the covenants and agreements to be performed by the party of the first part under this contract, that the Secretary of the Interior alone shall determine what constitutes a failure or default hereunder, and that such decision as he may reach in the matter shall be final and conclusive.

The party of the second part hereby agrees to pay, or cause to be paid on behalf of the United States, to the said party of the first part, its successors and assigns, for all the articles delivered hereunder the rates or prices specified in the proposal and contract.

It is further stipulated and agreed that in the performance of this contract no persons shall be employed who are undergoing sentences of imprisonment at hard labor which have been imposed by courts of the several States, Territories, or municipalities having criminal jurisdiction.

Neither this contract nor any interest therein shall be transferred by the said party of the first part to any other party or parties; and any such transfer shall cause the annulment of the contract so far as the United States is concerned. All rights of action, however, to recover for any breach of this contract by the said party of the first part are reserved to the United States.

No Member of or Delegate to Congress is or shall be admitted to any share or part in this contract, or to any benefits which may arise therefrom, and the provisions of sections 3739, 3740, and 3741 of the Revised Statutes of the United States, relating to contracts, enter into and form a part of this agreement so far as the same may be applicable.

In testimony whereof the parties aforesaid have hereunto set their hands and affixed their seals on the day and year first above written.

Specifications for fuel and ice for the Department of the Interior.

DEPARTMENT OF THE INTERIOR, Washington, D. C., June 21, 1905.

Sealed proposals for furnishing fuel and ice for the Department of the Interior and its several bureaus and offices and the Civil Service Commission during the fiscal year ending June 30, 1906, will be received until 2 o'clock p. m., Friday, June 30, 1905, in about the following quantities, viz:

Old Post-Office Department Building.-4,000 tons coal-anthracite, white ash, buckwheat, or pea.

Pension Office.—1,200 tons white-ash furnace coal; 25 cords pine wood, in stick.

Bureau of Education.-100 tons white-ash furnace coal; 3 cords pine wood, sawed in four pieces; 3 cords hickory wood, sawed in four pieces.

Geological Survey. -600 tons white-ash furnace coal; 10 cords pine wood, sawed in two pieces.

Patent Office Building.—10 cords hickory wood, sawed in four pieces.

U. S. Civil Service Commission.-250 tons furnace coal; 10 cords pine wood, in stick.

#### PROPOSAL-GUARANTY.

Each proposal must be made in duplicate, on the forms furnished by the Depart-ment, and must be signed by the individual or partnership making same. When made by a partnership, the name of each partner must be signed. If made by a corporation, proposals must be signed by the officer thereof authorized to bind it by contract and be accompanied with a copy, under seal, of his authority to sign.

Bids on coal must be at so much per ton of 2,240 pounds; on wood, per cord of 128 cubic feet.

Proposals for coal must give the true name of the company or mine by which the coal offered is generally known in the market.

The proposal must be accompanied with a guaranty, signed by at least two responsible guarantors, that the bidder shall, within ten days after being called upon to do so, execute a contract in accordance with the terms of his proposal, and give a bond for the faithful performance thereof, with good and sufficient sureties as hereinafter required. The responsibility and sufficiency of the signers of such guaranty to be certified to by the postmaster, United States judge, United States attorney, or the clerk of a court of record at or nearest to the place of residence of the bidder. This guaranty must be in the penal sum of \$250 if the value of the articles embraced in the proposal is \$1,000 or less; of \$500 for a bid of more than \$1,000 and not exceeding \$5,000; of \$1,000 for a bid of more than \$5,000 and not exceeding \$10,000, and \$3,000 for a bid of over \$10,000.

#### QUANTITY AND QUALITY OF ARTICLES.

The quantities given in the schedule, as well as the division of the same between the different offices named and the places of delivery, are the estimated requirements for the fiscal year ending June 30, 1906; but it is to be distinctly understood that the

Department has the right to order a greater or less quantity than the estimates herein given and to require delivery at other offices of the Department (in Washington) than those specified, as the interests of the service may require.

All articles must be of the best quality.

The coal to be thoroughly screened, free from slate, dirt, and dust. The Department reserves the right to award contract for either buckwheat or pea coal, or for both, and to require any bidder to furnish, at the price named in his proposal, a sample of not less than 25 tons for practical test under boilers. Coal furnished under contract must equal sample in quality.

The wood must be thoroughly seasoned, merchantable, and reasonably free from knots or defects.

#### AWARD.

Bids will be considered on each item separately and contract awarded to the lowest responsible bidder.

If the bidder to whom the first award may be made should fail to enter into a contract as herein provided, then the award may be annulled and the contract let to the next most desirable bidder in the opinion of the Secretary of the Interior; and such bidder shall be required to fulfill every stipulation embraced herein as if he were the original party to whom the contract was awarded.

None of the contracts can in any case be lawfully transferred or assigned.

Contracts will be awarded only to established dealers in the articles offered.

No proposal will be considered from any person, firm, or corporation in default of the performance of any contract or agreement made with the Department, or that has failed to perform the same to the satisfaction of the Department, nor will any contract hereafter be awarded to such person, firm, or corporation.

#### DELIVERY, INSPECTION, STORAGE, ETC.

Articles furnished under this proposal and contract must be delivered in such quantities as may be from time to time ordered by the Secretary of the Interior. To be delivered and stored as directed by the Department without charge for delivery or storage.

Articles must be furnished promptly as ordered. On the failure of the contractor to deliver any article within a reasonable time after it is ordered, and of satisfactory quality, the right is reserved by the Secretary of the Interior to purchase such article in open market, if the exigencies of the service require it, or to declare the contract forfeited; and if a greater price than that of the contract be paid for such articles, the difference in the total amount of the purchase will be charged to the contractor and the sureties on the bond.

The coal and wood will be weighed or measured by a representative of the Department, as required by the act of March 2, 1895, without expense to the contractor. Wood must be corded for measurement at the place of delivery, measurements to be made by inspector, and payments will be made for measurements as corded.

Ice will be paid for according to weight delivered.

#### CONTRACTOR'S BOND.

Each contractor will be required (in the discretion of the Secretary of the Interior) to give a bond in the sum of at least 50 per cent of the amount of the contract, with two responsible individual sureties or one satisfactory surety company, conditioned upon the faithful performance by the contractor of all the covenants, stipulations, and agreements of the contract on the part of the contractor to be performed as therein set forth.

Individual sureties will be required to justify their responsibility by affidavit, showing that they severally own and possess property of the clear value in the aggregate of double the amount specified in the bond over and above all debts and

liabilities and all property by law exempt from execution. Corporate sureties, before acceptance, must show full compliance with all the requirements of the act of Congress approved August 13, 1894, relating to such corporations.

Corporate sureties on bonds are preferred to individual sureties.

If at any time during the continuance of the contract the sureties, or either of them, shall die, or become irresponsible or insolvent, the Secretary of the Interior shall have the right to require additional and sufficient sureties, which the contractor shall furnish to the acceptance of the Secretary of the Interior within ten days after notice, and in default thereof the contract may be annulled.

#### PAYMENTS.

Payments will be made monthly for such articles as may be delivered in corformity with the contract and accepted, and after proper examination and adjustment of accounts.

Payments may be withheld by the Secretary of the Interior if it shall appear to his satisfaction that the contract has not been complied with in any particular.

#### RESERVATIONS.

The right is reserved to reject any and all bids, to waive technical defects, and to accept any part of any bid and reject the other part if the interests of the Government shall require it; also the right to annul any contract if, in the opinion of the Secretary of the Interior, there shall be a failure at any time to perform faithfully any of its stipulations, or in case of a willful attempt to impose upon the Government articles inferior to those required by the contract, and any action taken by him in pursuance of this latter stipulation shall not affect or impair any right or claim of the United States to damages for the breach of any of the covenants of the contract by the contractor.

#### Copies of contracts for the fiscal year ending June 30, 1907, for supplying the Department of the Interior and its Bureaus and offices with fuel.

#### [Form of contract for coal, 1906 and 1907.]

Articles of agreement made and entered into this 9th day of July, 1906, between V. Baldwin Johnson, doing business under the firm name and style of V. Baldwin Johnson, of Washington, D. C., his heirs, executors, administrators, and assigns, of the first part, and Thomas Ryan, Acting Secretary of the Interior, for and on behalf of the United States, of the second part,

Witnesseth: That the said party of the first part, for the consideration hereinafter mentioned and contained, and under the penalty expressed in a bond bearing even date herewith, covenants and agrees to furnish, during the fiscal year ending June 30, 1907, such articles as may be required by the Department of the Interior and as have been accepted in the proposal of the said party of the first part, dated June 20, 1906, to wit: Items in the proposal numbered 1, coal, white ash pea, at \$3.77, and coal, white ash buckwheat, at \$3.02 per ton; and 2, coal, white ash, large furnace or broken, at \$5.44 per ton, at the rate or rates specified in said proposal.

The said party of the first part further agrees to furnish the articles specified in the above-mentioned items in accordance with, and subject to, the conditions expressed in the proposal and in the specifications hereto attached, which proposal and specifications enter into and form a part of this contract; and also in accordance with the samples furnished.

The party of the first part expressly agrees that the party of the second part shall have the right to order a greater or less quantity of each and every article named or referred to in this agreement as the public service may require; and further agrees that in case of failure to observe any, or all, of the covenants and agreements to be performed by the party of the first part under this contract, that the Secretary of the Interior alone shall determine what constitutes a failure or default hereunder, and that such decision as he may reach in the matter shall be final and conclusive.

The party of the second part hereby agrees to pay, or cause to be paid, on behalf of the United States, to the said party of the first part, his heirs, executors, administrators and assigns, for all the articles delivered hereunder the rates or prices specified in the proposal and contract.

It is further stipulated and agreed that in the performance of this contract no persons shall be employed who are undergoing sentences of imprisonment at hard labor which have been imposed by courts of the several States, Territories, or municipalities having criminal jurisdiction.

Neither this contract nor any interest therein shall be transferred by the said party of the first part to any other party or parties; and any such transfer shall cause the annulment of the contract so far as the United States is concerned. All rights of action, however, to recover for any breach of this contract by the said party of the first part are reserved to the United States.

No Member of or Delegate to Congress is or shall be admitted to any share or part in this contract, or to any benefits which may arise therefrom, and the provisions of sections 3739, 3740, and 3741 of the Revised Statutes of the United States, relating to contracts, enter into and form a part of this agreement so far as the same may be applicable.

In testimony whereof the parties aforesaid have hereunto set their hands and affixed their seals on the day and year first above written.

Proposal.—Coal for the Department of the Interior.

WASHINGTON, D. C., June 20, 1906.

To the Secretary of the Interior.

SIR: The undersigned hereby propose— to furnish for the use of the Department of the Interior, its bureaus and offices, and the Civil Service Commission, during the fiscal year ending June 30, 1907, in compliance with the terms of the specifications hereto attached, all the conditions of which are hereby accepted and made a part of this proposal, any or all of the articles named in the accompanying schedule, opposite which prices have been affixed, at the rates therein stated, to be delivered at the Department of the Interior, its bureaus and offices, and the Civil Service Commission, in Washington, D. C.

The right is accorded to the Department to order a greater or less quantity of any or of all the articles embraced in this proposal as may be required.

Respectfully,

V. BALDWIN JOHNSON.

Doing business as V. Baldwin Johnson.

Place of business: 612 9th st. NW.

Signature of each member of the firm and firm name. If a corporation, its name, and signature of the officer authorized to sign for the corporation, together with a copy, under seal, of his authority to sign.

#### Specifications for coal for the Department of the Interior.

DEPARTMENT OF THE INTERIOR,

Washington, D. C., June 15, 1906.

Sealed proposals for furnishing coal for the Department of the Interior and its several bureaus and offices, and the Civil Service Commission, during the fiscal year ending June 30, 1907, will be received until 2 o'clock p. m., Monday, June 25, 1906, in about the following quantities, viz:

Old Post-Office Department building .- 5,000 tons coal, anthracite, white ash, buckwheat or pea.

Pension Office. -1,200 tons white ash furnace coal.

Bureau of Education.—100 tons white ash furnace coal.

Geological Survey.-600 tons white ash furnace coal.

U. S. Civil Service Commission.—250 tons white ash furnace coal.

#### PROPOSAL-GUARANTY.

Each proposal must be made in duplicate, on the forms furnished by the Department, and must be signed by the individual or partnership making same; when made by a partnership, the name of each partner must be signed. If made by a corpora-tion, proposals must be signed by the officer thereof authorized to bind it by con-tract, and be accompanied with a copy, under seal, of his authority to sign. Bids on coal must be at so much per ton of 2,240 pounds.

Proposals for coal must give the true name of the company or mine by which the coal offered is generally known in the market.

The proposal must be accompanied with a guaranty, signed by at least two responsible guarantors, that the bidder shall, within ten days after being called upon to do so, execute a contract in accordance with the terms of his proposal, and give a bond for the faithful performance thereof, with good and sufficient sureties as hereinafter required. The responsibility and sufficiency of the signers of such guaranty to be certified to by the postmaster, United States judge, United States attorney, or the clerk of a court of record at or nearest to the place of residence of the bidder. The guaranty must be in the penal sum of \$250 if the value of the articles embraced in the proposal is \$1,000 or less; of \$500 for a bid of more than \$1,000 and not exceeding \$5,000; of \$1,000 for a bid of more than \$5,000 and not exceeding \$3,000 for a bid of over \$10,000.

#### QUANTITY AND QUALITY OF ARTICLES.

The quantities given in the schedule, as well as the division of the same between the different offices named and the places of delivery, are the estimated requirements for the fiscal year ending June 30, 1907; but it is to be distinctly understood that the Department has the right to order a greater or less quantity than the estimates herein given and to require delivery at other offices of the Department (in Washington) than those specified, as the interests of the service may require.

The Department reserves the right to award contract for either buckwheat or pea coal, or for both, and to require any bidder to furnish, at the price named in his proposal, a sample of not less than 25 tons for practical test under boilers. Coal furnished under contract must equal sample in quality.

#### AWARD.

Bids will be considered on each item separately and contract awarded to the lowest responsible bidder.

If the bidder to whom the first award may be made should fail to enter into a contract as herein provided, then the award may be annulled and the contract let to the next most desirable bidder in the opinion of the Secretary of the Interior; and such bidder shall be required to fulfill every stipulation embraced herein as if he were the original party to whom the contract was awarded.

None of the contracts can in any case be lawfully transferred or assigned.

Contracts will be awarded only to established dealers in the articles offered.

No proposals will be considered from any person, firm, or corporation in default of the performance of any contract or agreement made with the Department, or that has failed to perform the same to the satisfaction of the Department, nor will any contract hereafter be awarded to such person, firm, or corporation.

#### DELIVERY, INSPECTION, STORAGE, ETC.

Articles furnished under this proposal and contract must be delivered in such quantities as may from time to time be ordered by the Secretary of the Interior, to be delivered and stored as directed by the Department without charge for delivery or storage.

Articles must be furnished promptly as ordered. On the failure of the contractor to deliver any article within a reasonable time after it is ordered, and of satisfactory quality, the right is reserved by the Secretary of the Interior to purchase such article in open market, if the exigencies of the service require it, or to declare the contract forfeited; and if a greater price than that of the contract be paid for such articles, the difference in the total amount of the purchase will be charged to the contractor and the sureties on the bond.

The coal will be weighed or measured by a representative of the Department, as required by the act of March 2, 1895, without expense to the contractor.

#### CONTRACTOR'S BOND.

Each contractor will be required (in the discretion of the Secretary of the Interior) to give a bond in the sum of at least 50 per cent of the amount of the contract, with two responsible individual sureties or one satisfactory surety company, conditioned upon the faithful performance by the contractor of all the covenants, stipulations, and agreements of the contract on the part of the contractor to be performed as therein set forth.

Individual surveies will be required to justify their responsibility by affidavit, showing that they severally own and possess property of the clear value in the aggregate of double the amount specified in the bond over and above all debts and liabilities and all property by law exempt from execution.

Corporate surveiles, before acceptance, must show full compliance with all the requirements of the act of Congress approved August 13, 1894, relating to such corporations.

Corporate sureties on bonds are preferred to individual sureties.

If at any time during the continuance of the contract the sureties, or either of them, shall die, or become irresponsible or insolvent, the Secretary of the Interior shall have the right to require additional and sufficient sureties, which the contractor shall furnish to the satisfaction of the Secretary of the Interior within ten days after notice, and in default thereof the contract may be annulled.

#### PAYMENTS.

Payments will be made monthly for such articles as may be delivered in conformity with the contract and accepted, and after proper examination and adjustment of accounts.

Payments may be withheld by the Secretary of the Interior if it shall appear to his satisfaction that the contract has not been complied with in any particular.

#### RESERVATIONS.

The right is reserved to reject any and all bids, to waive technical defects, and to accept any part of any bid and reject the other part if the interests of the Government shall require it; also the right to annul any contract if, in the opinion of the Secretary of the Interior, there shall be a failure at any time to perform faithfully any of its stipulations, or in case of a willful attempt to impose upon the Government articles inferior to those required by the contract, and any action taken by him in pursuance of this latter stipulation shall not affect or impair any right or claim of the United States to damages for the breach of any of the covenants of the contract by the contractor.

#### ADDRESS OF PROPOSALS.

Proposals must be securely enveloped, sealed, and indorsed (on the envelope) "Proposals for coal," and addressed to the Secretary of the Interior, Washington, D. C.

ETHAN A. HITCHCOCK, Secretary of the Interior.

#### GUARANTY.

0

[NOTE.—If preferred, a certified check may be submitted with bid in lieu of this guaranty.]

We, The Title Guaranty & Surety Company, for value received, hereby guarantee and bind ourselves and each of us, our and each of our heirs, executors, administrators, and assigns, in the event that a contract for furnishing supplies to the Department of the Interior, according to the advertisement and specifications of May 15, 1906, shall be awarded to V. Baldwin Johnson, that he, the said V. Baldwin Johnson, will, within the time limited by the specifications, enter into and duly execute, as required by the said specifications, a contract accordingly, and this guaranty is based upon and governed by the said specifications as to its scope and extent; and in case of failure of the said V. Baldwin Johnson to enter into contract as above, that we will forfeit and pay to the United States the sum of three thousand dollars (\$3,000), for which forfeiture we will be jointly and severally liable as fixed and settled damages, and not as a penalty to be reduced or diminished.

Dated at Washington, D. C., June 20, 1906.

#### Copies of contracts for the fiscal year ending June 30, 1906, for supplying the Freedmen's Hospital with fuel.

Articles of agreement made and entered into this nineteenth day of May, 1905, between the J. Maury Dove Company, a corporation duly organized under the laws of the District of Columbia and having its usual place of business in Washington, District of Columbia, its successors and assigns, of the first part, and Thomas Ryan, Acting Secretary of the Interior, for and on behalf of the United States, of the second

part, Witnesseth: That the said party of the first part, for the consideration hereinafter mentioned and contained, and under the penalty expressed in a bond bearing even date herewith, covenants and agrees to furnish, during the fiscal year ending June 30, 1906, such articles as may be required by the Freedmen's Hospital, Washington, D. C., and as have been accepted in the proposal of the said party of the first part, dated May 3, 1905, to wit: Item — in the proposal numbered 1, "Quemahoning" at \$3.30 per ton, "Elk Garden" at \$3.35 per ton, at the rate or rates specified in said proposal.

The said party of the first part further agrees to furnish the articles specified in the above-mentioned item — in accordance with and subject to the conditions expressed in the proposal and in the specifications hereto attached, which proposal and specifieations enter into and form a part of this contract; and also in accordance with the samples furnished.

The party of the first part expressly agrees that the party of the second part shall have the right to order a greater or less quantity of each and every article named or referred to in this agreement, as the public service may require; and further agrees that in case of failure to observe any, or all, of the covenants and agreements to be performed by the party of the first part under this contract, that the Secretary of the Interior alone shall determine what constitutes a failure or default hereunder, and that such decision as he may reach in the matter shall be final and conclusive.

The party of the second part hereby agrees to pay, or cause to be paid, on behalf of the United States, to the said party of the first part, its successors and assigns, for all the articles delivered hereunder the rates or prices specified in the proposal and contract.

It is further stipulated and agreed that in the performance of this contract no persons shall be employed who are undergoing sentences of imprisonment at hard labor which have been imposed by courts of the several States, Territories, or municipalities having criminal jurisdiction.

Neither this contract nor any interest therein shall be transferred by the said party of the first part to any other party or parties; and any such transfer shall

.

cause the annulment of the contract so far as the United States is concerned. All rights of action, however, to recover for any breach of this contract by the said party of the first part are reserved to the United States.

No Member of or Delegate to Congress is or shall be admitted to any share or part in this contract, or to any benefits which may arise therefrom, and the provisions of sections 3739, 3740, and 3741 of the Revised Statutes of the United States. relating to contracts, enter into and form a part of this agreement, so far as the same may be applicable.

In testimony whereof the parties aforesaid have hereunto set their hands and affixed their seals on the day and year first above written.

[Proposals must be made and signed in duplicate.]

Proposal.—Fuel, ice, lumber, and building material for the Freedmen's Hospital.

WASHINGTON, D. C., May 3rd, 1905.

To the Secretary of the Interior.

SIR: The undersigned, J. Maury Dove Co. (Inc.), propose to furnish to the Department of the Interior, for the use of the Freedmen's Hospital, during the fiscal year ending June 30, 1906, in compliance with the terms of the specifications hereto attached, all the conditions of which are hereby made a part of this proposal, any or all of the articles named in the accompanying schedule opposite which prices have been affixed, at the rates therein stated, to be delivered at the Freedmen's Hospital, in Washington, D. C.

The right is accorded to the Department to order a greater or less quantity of any or of all the articles embraced in this proposal as may be required.

Respectfully,

J. MAURY DOVE CO. (INC.), J. MAURY DOVE, President.

Doing business as coal merchants.

Name of corporation: J. Maury Dove Inc.

Name of president: J. Maury Dove.

Name of secretary: Wm. M. Dove.

Under what law corporation is organized: District of Columbia.

Specifications for supplies for the Freedmen's Hospital.

DEPARTMENT OF THE INTERIOR, Washington, D. C., April 1, 1905.

Sealed proposals to furnish such coal and building material as may be required by the Freedmen's Hospital during the fiscal year ending June 30, 1906, will be received until 2 o'clock p. m., Thursday, May 4, 1905, and be opened immediately thereafter in the presence of such bidders as may attend.

## PROPOSAL-GUARANTY.

Each proposal must be made in duplicate, on the forms furnished by the Department, and must be signed by the individual or partnership making same; when made by a partnership, the name of each partner must be signed. If made by a corporation, proposals must be signed by the officer thereof authorized to bind it by contract, and be accompanied with a copy, under seal, of his authority to sign. Proposals for coal must give the true name of the company or mine by which the coal offered is generally known in the market.

The proposal must be accompanied with a guaranty, signed by at least two responsible guarantors, that the bidder shall, within ten days after being called upon to do so, execute a contract in accordance with the terms of his proposal, and give a bond for the faithful performance thereof, with good and sufficient sureties as hereinafter required, the responsibility and sufficiency of the signers of such guaranty to be certified to by the postmaster, United States judge, United States attorney, 'or the clerk of a court of record at or nearest to the place of residence of the bidder. The guaranty must be in the penal sum of \$250 if the value of the articles embraced in the proposal is \$1,000 or less, of \$500 for a bid of more than \$1,000 and not exceeding \$5,000, of \$1,000 for a bid of more than \$5,000 and not exceeding \$10,000, and of \$3,000 for a bid of over \$10,000. If preferred, a certified check for like amounts, payable to the order of the Secretary of the Interior, may be filed in lieu of guaranty, the amount of said check to be forfeited to the Government in event of failure on the part of the bidder to enter into contract in accordance with the proposal. If the amount of the bid is not greater than \$250, a certified check for a sum equal to 20 per cent of said amount may be submitted in lieu of guaranty bond.

#### QUANTITY AND QUALITY OF ARTICLES.

The quantities given in the schedule are the estimated requirements for the fiscal year ending June 30, 1906, but it is to be distinctly understood that these estimates are given for information only, and no obligation upon the Government is imposed thereby, the right being reserved to order any greater or any less quantity, as the interests of the service may require.

All articles must be of the best quality unless otherwise specified in the schedule. The coal to be thoroughly screened, free from slate, dirt, and dust.

The coal to be thoroughly screened, free from slate, dirt, and dust. Bituminous coal must be equal to the best grade of Cumberland coal, and 2,240 pounds shall constitute a ton of coal.

All bituminous coal supplied will be subject to test, and must in every instance come up to the following minimum standard:

Moisture.	Waste.	Refuse.	Combustible volatile 'matter.	Fixed carbon.	Heat values.
Not more than 0.50 per cent.	Not more than 7 per cent ash.	Not more than 4 per cent elinker.	20 percent	67.47 per cent.	Not less than 13,000 British thermal units per pound.

Percentage of clinker to be determined by practical test in boiler furnaces at hospital.

A sufficient quantity of coal must be furnished for test when required.

The wood must be thoroughly seasoned, merchantable, and reasonably free from knots or defects.

The ice must be equal to best quality northern ice, clear and solid, trimmed of snow or other defects.

Lumber to be thoroughly seasoned and in all respects first class of the quality specified. When 12 to 16 inches is specified it is to be understood that half will be 12 and half 16 inches wide.

## AWARD.

Bids will be considered on each item separately and contract awarded to the lowest responsible bidder.

If the bidder to whom the first award may be made should fail to enter into a contract as herein provided, then the award may be annulled and the contract let to the next most desirable bidder in the opinion of the Secretary of the Interior; and such bidder shall be required to fulfill every stipulation embraced herein as if he were the original party to whom the contract was awarded.

None of the contracts can in any case be lawfully transferred or assigned.

Contracts will be awarded only to established dealers in the articles offered.

No proposals will be considered from any person, firm, or corporation in default of the performance of any contract or agreement made with the Department, or that has failed to perform the same to the satisfaction of the Department, nor will any contract hereafter be awarded to such person, firm, or corporation.

## CONTRACTOR'S BOND.

Each contractor will be required (in the discretion of the Secretary of the Interior) to give a bond in the sum of at least 50 per cent of the amount of the contract, with two responsible individual sureties or one satisfactory surety company, conditioned upon the faithful performance by the contractor of all the covenants, stipulations, and agreements of the contract on the part of the contractor to be performed as therein set forth.

Individual sureties will be required to justify their responsibility by affidavit, showing that they severally own and possess property of the clear value in the aggregate of double the amount specified in the bond over and above all debts and liabilities and all property by law exempt from execution.

Corporate sureties, before acceptance, must show full compliance with all the requirements of the act of Congress approved August 13, 1894, relating to such corporations.

Corporate sureties on bonds are preferred to individual sureties.

If at any time during the continuance of the contract the sureties, or either of them, shall die, or become irresponsible or insolvent, the Secretary of the Interior shall have the right to require additional and sufficient sureties, which the contractor shall furnish to the satisfaction of the Secretary of the Interior within ten days after notice, and in default thereof the contract may be annulled.

#### DELIVERY, INSPECTION, ETC.

Articles furnished under this proposal and contract must be delivered in such quantities as may from time to time be ordered by the surgeon in chief of the hospital. To be delivered at the Freedmen's Hospital, in Washington, D. C., without charge for delivery.

Coal must be delivered at the hospital at such times as the surgeon in chief may direct. Bidders must state name of mine or company whose coal is offered.

Articles must be furnished promptly as ordered. On the failure of the contractor to deliver any article within a reasonable time after it is ordered, and of satisfactory quality, the right is reserved by the Secretary of the Interior to purchase such article in open market, if the exigencies of the service require it, or to declare the contract forfeited; and if a greater price than that of the contract be paid for such articles the difference in the total amount of the purchase will be charged to the contractors and the sureties on the bond.

Articles will be inspected within a reasonable time after delivery, and if, in the opinion of the surgeon in chief of the hospital, they are not in accordance with the contract requirements they will be rejected. The decision of the surgeon in chief on these points to be final unless otherwise directed by the Secretary of the Interior.

The coal will be weighed by a representative of the Department, without expense to the contractor, as required by the act of March 2, 1895.

Ice will be paid for according to weight delivered at the hospital.

## PAYMENTS.

Payments will be made monthly at the office of the Secretary of the Interior for such articles as may be delivered in conformity with the contract and accepted, upon vouchers certified and approved by the Surgeon in Chief, and after proper examination and adjustment of accounts.

Payments may be withheld by the Secretary of the Interior if it shall appear to his satisfaction that the contract has not been complied with in any particular.

## RESERVATIONS.

The Secretary of the Interior reserves the right to reject any and all bids, to waive technical defects, and to accept any part of any bid and reject the other part if, in his judgment, the interests of the Government shall require it; also the right to annul any contract if, in his opinion, there shall be a failure at any time to perform faithfully any of its stipulations, or in case of a willful attempt to impose upon the Government articles inferior to those required by the contract, and any action taken by the Secretary of the Interior in pursuance of this latter stipulation shall not affect or impair any right or claim of the United States to damages for the breach of any of the covenants of the contract by the contractor.

#### ADDRESS OF PROPOSALS.

Proposals must be securely enveloped, sealed, and indorsed (on the envelope) "Proposals for fuel, lumber, etc., for the Freedmen's Hospital," and addressed to the Secretary of the Interior, Washington, D. C.

#### GUARANTY.

[NOTE.—If preferred, a certified check may be submitted with bid in lieu of this guaranty. See page 2 of specifications.]

We, The Title Guaranty & Trust Co. of Scranton, Pa., for value received, hereby guarantee and bind ourselves and each of us, our and each of our heirs, executors, administrators, and assigns, in the event that a contract for furnishing supplies for the Freedmen's Hospital, according to the advertisement and specifications of April 1, 1905, shall be awarded to J. Maury Dove Co. (Inc.), that he, the said J. Maury Dove Co. (Inc.), will, within the time limited by the specifications, enter into and duly execute, as required by the said specifications, a contract accordingly, and this guaranty is based upon and governed by the said specifications as to its scope and extent; and in case of failure of the said J. Maury Dove Co. (Inc.) to enter into contract as above, that we will forfeit and pay to the United States the sum of\* five hundred dollars (\$500.00), for which forfeiture we will be jointly and severally liable as fixed and settled damages, and not as a penalty to be reduced or diminished.

(Official character:) \_\_\_\_\_,

\*\$250 for each bid of \$1,000 or less; \$500 for each bid of more than \$1,000 and not exceeding \$5,000; \$1,000 for each bid of more than \$5,000 and not exceeding \$10,000; \$3,000 for each bid exceeding \$10,000.

<sup>†</sup>This certificate must be signed by the postmaster, United States judge, United States attorney, United States commissioner, United States collector of internal revenue, or the clerk of a court of record at or nearest the place of residence of the bidder.

Articles of agreement made and entered into this twenty-third day of May, 1905, between J. Edward Chapman, doing business under the style of J. Edward Chapman, in Washington, D. C., District of Columbia, his heirs, executors, administrators, and assigns, of the first part, and Thomas Ryan, Acting Secretary of the Interior, for and on behalf of the United States, of the second part,

Witnesseth: That the said party of the first part, for the consideration hereinafter mentioned and contained, and under the penalty expressed in a bond bearing even date herewith, covenants and agrees to furnish during the fiscal year ending June 30, 1906, such articles as may be required by the Freedmen's Hospital, Washington, D. C., and as have been accepted in the proposal of the said party of the first part, dated May 4, 1905, to wit, items in the proposal numbered 2, 3, 4, and 5, at the rate or rates specified in said proposal.

The said party of the first part further agrees to furnish the articles specified in the above-mentioned items in accordance with and subject to the conditions expressed in the proposal and in the specifications hereto attached, which proposal and specifications enter into and form a part of this contract, and also in accordance with the samples furnished.

The party of the first part expressly agrees that the party of the second part shall have the right to order a greater or less quantity of each and every article named or referred to in this agreement as the public service may require, and further agrees that in case of failure to observe any or all of the covenants and agreements to be performed by the party of the first part under this contract that the Secretary of the Interior alone shall determine what constitutes a failure or default hereunder, and that such decision as he may reach in the matter shall be final and conclusive.

The party of the second part hereby agrees to pay, or cause to be paid on behalf of the United States, to the said party of the first part, his heirs, executors, administrators, and assigns, for all the articles delivered hereunder the rates or prices specified in the proposal and contract.

It is further stipulated and agreed that in the performance of this contract no persons shall be employed who are undergoing sentences of imprisonment at hard labor which have been imposed by courts of the several States, Territories, or municipalities having criminal jurisdiction.

Neither this contract nor any interest therein shall be transferred by the said party of the first part to any other party or parties; and any such transfer shall cause the annulment of the contract so far as the United States is concerned. All rights of action, however, to recover for any breach of this contract by the said party of the first part are reserved to the United States.

No Member of or Delegate to Congress is or shall be admitted to any share or part in this contract, or to any benefits which may arise therefrom, and the provisions of sections 3739, 3740, and 3741 of the Revised Statutes of the United States, relating to contracts, enter into and form a part of this agreement so far as the same may be applicable.

In testimony whereof the parties aforesaid have hereunto set their hands and affixed their seals on the day and year first above written.

WASHINGTON, D. C., May 4, 1905.

To the Secretary of the Interior.

SIR: The undersigned, J. Edward Chapman, proposes to furnish to the Department of the Interior, for the use of the Freedmen's Hospital, during the fiscal year ending June 30, 1906, in compliance with the terms of the specifications hereto attached, all the conditions of which are hereby made a part of this proposal, any or all of the articles named in the accompanying schedule opposite which prices have been affixed, at the rates therein stated, to be delivered at the Freedmen's Hospital, in Washington, D. C.

The right is accorded to the Department to order a greater or less quantity of any or of all the articles embraced in this proposal as may be required.

Respectfully,

J. EDWARD CHAPMAN.

## Specifications for supplies for the Freedmen's Hospital.

DEPARTMENT OF THE INTERIOR, Washington, D. C., April 1, 1905.

Sealed proposals to furnish such coal and building material as may be required by the Freedmen's Hospital during the fiscal year ending June 30, 1906, will be received until 2 o'clock p. m., Thursday, May 4, 1905, and be opened immediately thereafter in the presence of such bidders as may attend.

#### PROPOSAL--GUARANTY.

Each proposal must be made in duplicate, on the forms furnished by the Department, and must be signed by the individual or partnership making same; when made by a partnership, the name of each partner must be signed. If made by a corporation, proposals must be signed by the officer thereof authorized to bind it by contract, and be accompanied with a copy, under seal, of his authority to sign.

Proposals for coal must give the true name of the company or mine by which the coal offered is generally known in the market.

The proposal must be accompanied with a guaranty, signed by at least two responsible guarantors, that the bidder shall, within ten days after being called upon to do so, execute a contract in accordance with the terms of his proposal, and give a bond for the faithful performance thereof, with good and sufficient sureties as hereinafter required. The responsibility and sufficiency of the signers of such guaranty to be certified to by the postmaster, United States judge, United States attorney, or the clerk of a conrt of record at or nearest to the place of residence of the bidder. The guaranty must be in the penal sum of \$250 if the value of the articles embraced in the proposal is \$1,000 or less; of \$500 for a bid of more than \$1,000 and not exceeding \$5,000; of \$1,000 for a bid of more than \$5,000 and not exceeding \$10,000, and of \$3,000 for a bid of over \$10,000. If preferred, a certified check for like amounts, payable to the order of the Secretary of the Interior, may be filed in heu of guaranty, the amount of said check to be forfeited to the Government in event of failure on the part of the bidder to enter into contract in accordance with the proposal. If the amount of the bid is not greater than \$250, a certified check for a sum equal to 20 per cent of said amount may be submitted in hieu of guaranty bond.

## QUANTITY AND QUALITY OF ARTICLES.

The quantities given in the schedule are the estimated requirements for the fiscal year ending June 30, 1906; but it is to be distinctly understood that these estimates are given for information only, and no obligation upon the Government is imposed thereby, the right being reserved to order any greater or any less quantity, as the interests of the service may require.

All articles must be of the best quality, unless otherwise specified in the schedule. The coal to be thoroughly screened, free from slate, dirt, and dust.

Bituminous coal must be equal to the best grade of Cumberland coal, and 2,240 pounds shall constitute a ton of coal.

All bituminous coal supplied will be subject to test, and must in every instance come up to the following minimum standard:

Moisture.	Waste.	Refuse.	Combustible volatile matter.	Fixed carbon.	Heat values.
Not more than 0.50 per cent.	Not more than 7 per cent ash.	Not more than 4 per cent clinker.	20 per cent.	67.47 per cent.	Not less than 13,000 British thermal units per pound

Percentage of clinker to be determined by practical test in boiler furnaces at hospital.

A sufficient quantity of coal must be furnished for test when required.

The wood must be thoroughly seasoned, merchantable, and reasonably free from knots or defects.

The ice must be equal to best quality northern ice, clear and solid, trimmed of snow or other defects.

Lumber to be thoroughly seasoned and in all respects first class of the quality specified. When 12 to 16 inches is specified it is to be understood that half will be 12 and half 16 inches wide.

#### AWARD.

Bids will be considered on each item separately and contract awarded to the lowest responsible bidder.

If the bidder to whom the first award may be made should fail to enter into a contract as herein provided, then the award may be annulled and the contract let to the next most desirable bidder in the opinion of the Secretary of the Interior; and such bidder shall be required to fulfill every stipulation embraced herein as if he were the original party to whom the contract was awarded.

None of the contracts can in any case be lawfully transferred or assigned.

Contracts will be awarded only to established dealers in the articles offered.

No proposals will be considered from any person, firm, or corporation in default of the performance of any contract or agreement made with the Department, or that has failed to perform the same to the satisfaction of the Department, nor will any contract hereafter be awarded to such person, firm, or corporation.

## CONTRACTOR'S BOND.

Each contractor will be required (in the discretion of the Secretary of the Interior) to give a bond in the sum of at least 50 per cent of the amount of the contract, with two responsible individual sureties or one satisfactory surety company, conditioned upon the faithful performance by the contractor of all the covenants, stipulations, and agreements of the contract on the part of the contractor to be performed as therein set forth.

Individual sureties will be required to justify their responsibility by affidavit, showing that they severally own and possess property of the clear value in the aggregate of double the amount specified in the bond, over and above all debts and liabilities and all property by law exempt from execution.

Corporate sureties, before acceptance, must show full compliance with all the requirements of the act of Congress approved August 13, 1894, relating to such corporations.

Corporate sureties on bonds are preferred to individual sureties.

If at any time during the continuance of the contract the sureties, or either of them, shall die, or become irresponsible or insolvent, the Secretary of the Interior shall have the right to require additional and sufficient sureties, which the contractor shall furnish to the satisfaction of the Secretary of the Interior within ten days after notice, and in default thereof the contract may be annulled.

# DELIVERY, INSPECTION, ETC.

Articles furnished under this proposal and contract must be delivered in such quantities as may from time to time be ordered by the surgeon in chief of the hospital. To be delivered at the Freedmen's Hospital, in Washington, D. C., without charge for delivery.

Coal must be delivered at the hospital at such times as the surgeon in chief may direct. Bidders must state name of mine or company whose coal is offered.

Articles must be furnished promptly as ordered. On the failure of the contractor to deliver any article within a reasonable time after it is ordered, and of satisfactory quality, the right is reserved by the Secretary of the Interior to purchase such article in open market, if the exigencies of the service require it, or to declare the contract forfeited; and if a greater price than that of the contract be paid for such articles, the difference in the total amount of the purchase will be charged to the contractors and the sureties on the bond.

Articles will be inspected within a reasonable time after delivery, and if, in the opinion of the surgeon in chief of the hospital, they are not in accordance with the contract requirements they will be rejected. The decision of the surgeon in chief on these points to be final, unless otherwise directed by the Secretary of the Interior.

The coal will be weighed by a representative of the Department, without expense to the contractor, as required by the act of March 2, 1895.

Ice will be paid for according to weight delivered at the hospital.

## PAYMENTS.

Payments will be made monthly at the office of the Secretary of the Interior for such articles as may be delivered in conformity with the contract and accepted, upon vouchers certified and approved by the Surgeon in Chief, and after proper examination and adjustment of accounts.

Payments may be withheld by the Secretary of the Interior if it shall appear to his satisfaction that the contract has not been complied with in any particular.

#### RESERVATIONS.

The Secretary of the Interior reserves the right to reject any and all bids, to waive technical defects, and to accept any part of any bid and reject the other part if in his judgment, the interests of the Government shall require it; also the right to annul any contract if, in his opinion, there shall be a failure at any time to perform faithfully any of its stipulations, or in case of a willful attempt to impose upon the Government articles inferior to those required by the contract, and any action taken by the Secretary of the Interior in pursuance of this latter stipulation shall not affect or impair any right or claim of the United States to damages for the breach of any of the covenants of the contract by the contractor.

## ADDRESS OF PROPOSALS,

Proposals must be securely enveloped, sealed and indorsed (on the envelope) "Proposals for Fuel, Lumber, etc., for the Freedmen's Hospital," and addressed to the Secretary of the Interior, Washington, D. C.

#### GUARANTY.

[Note.—If preferred, a certified check may be submitted with bid in lieu of this guaranty. See page 2 of specifications.]

WE, Fillmore Harrison and William A. Collis, for value received, hereby guarantee and bind ourselves and each of us, our and each of our heirs, executors, administrators, and assigns, in the event that a contract for furnishing supplies for the Freedmen's Hospital, according to the advertisement and specifications of April 1, 1905, shall be awarded to J. Edward Chapman; that he, the said J. Edward Chapman, will, within the time limited by the specifications, enter into and duly execute, as required by the said specifications, a contract accordingly, and this guaranty is based upon and governed by the said specifications as to its scope and extent; and in case of failure of the said J. Edward Chapman to enter into contract as above, that we will forfeit and pay to the United States the sum of two thousand dollars (\$2,000), for which forfeiture we will be jointly and severally liable as fixed and settled damages, and not as a penalty to be reduced or diminished. Dated at Washington, D. C., May 4, 1905.

Signatures of guarantors:

+

FILLMORE HARRISON, 612 14 st. NW. WILLIAM A. COLLIS, 150 S. Caroline.

#### CERTIFICATE.

The undersigned, postmaster of Washington, D. C., certifies that he is acquainted with the above guarantors and knows them to be citizens of the United States, men of property, and able to make good their guaranty. Dated at Washington, D. C., May 4, 1905.

#### JOHN A. MERRITT, Postmaster.

\*\$250 for each bid of \$1,000 or less; \$500 for each bid of more than \$1,000 and not exceeding \$5,000; \$1,000 for each bid of more than \$5,000 and not exceeding \$10,000; \$3,000 for each bid exceeding \$10,000.

† This certificate must be signed by the postmaster, United States judge, United States attorney, United States commissioner, United States collector of internal revenue, or the clerk of a court of record at or nearest the place of residence of the bidder.

## COPIES OF CONTRACTS FOR THE FISCAL YEAR ENDING JUNE 30, 1907, FOR SUPPLYING THE FREEDMEN'S HOSPITAL WITH FUEL.

Articles of agreement made and entered into this 12 day of July, 1906, between Merchants' Coal Co., a corporation duly organized under the laws of the State of West Virginia, and doing business in the city of Washington, District of Columbia, and elsewhere, its successors and assigns, of the first part, and Thomas Ryan, Acting Secretary of the Interior, for and on behalf of the United States, of the second part.

Witnesseth, that the said party of the first part, for the consideration hereinafter mentioned and contained and under the penalty expressed in a bond bearing even date herewith, covenants and agrees to furnish during the fiscal year ending June 30, 1907, such articles as may be required by the Freedmen's Hospital and as have been accepted in the proposal of the said party of the first part, dated May 20, 1906, to wit: Item in the proposal numbered 1 at the rate or rates specified in said proposal.

The said party of the first part further agrees to furnish the articles specified in the above-mentioned item in accordance with and subject to the conditions expressed in the proposal and in the specifications hereto attached, which proposal and specifications enter into and form a part of this contract; and 'also in accordance with the samples furnished.

The party of the first part expressly agrees that the party of the second part shall have the right to order a greater or less quantity of each and every article named or referred to in this agreement as the public service may require; and further agrees that in case of failure to observe any or all of the covenants and agreements to be performed by the party of the first part under this contract, that the Secretary of the Interior alone shall determine what constitutes a failure or default hereunder, and that such decision as he may reach in the matter shall be final and conclusive.

The party of the second part hereby agrees to pay, or cause to be paid on behalf of the United States, to the said party of the first part, its successors and assigns, for all the articles delivered hereunder the rates or prices specified in the proposal and contract.

It is further stipulated and agreed that in the performance of this contract no persons shall be employed who are undergoing sentences of imprisonment at hard labor which have been imposed by courts of the several States, Territories, or municipalities having criminal jurisdiction.

Neither this contract nor any interest therein shall be transferred by the said party of the first part to any other party or parties; and any such transfer shall cause the annulment of the contract so far as the United States is concerned. All rights of action, however, to recover for any breach of this contract by the said party of the first part are reserved to the United States.

No Member of or Delegate to Congress is or shall be admitted to any share or part in this contract, or to any benefits which may arise therefrom, and the provisions of sections 3739, 3740, and 3741 of the Revised Statutes of the United States, relating to contracts, enter into and form a part of this agreement so far as the same may be applicable.

In testimony whereof the parties aforesaid have hereunto set their hand and affixed their seals on the day and year first above written.

MERCHANTS' COAL CO., [SEAL.] THOS. T. BOSWELL, Presdt. THOS. RYAN, Acting Secretary of the Interior.

Two witnesses to each signature: G. W. ATKINSON. J. D. CHERRY, Jr.

## [Proposals must be made and signed in duplicate.]

Proposal. -- Fuel, ice, lumber, and building material for the Freedmen's Hospital.

## WASHINGTON, D. C., May 20th, 1906.

To the Secretary of the Interior.

SIR: The undersigned, Merchants Coal Company, propose to furnish to the Department of the Interior, for the use of the Freedmen's Hospital during the fiscal year ending June 30, 1907, in compliance with the terms of the specifications hereto attached, all the conditions of which are hereby made a part of this proposal, any or all of the articles named in the accompanying schedule, opposite which prices have been affixed, at the rates therein stated, to be delivered at the Freedmen's Hospital, in Washington, D. C.

The right is accorded to the Department to order a greater or less quantity of any or of all the articles embraced in this proposal as may be required.

Respectfully,

MERCHANTS COAL CO. THOS. T. BOSWELL, Presdt.

Doing business as ——— — Place of business: ———.

# Specifications for supplies for the Freedmen's Hospital.

DEPARTMENT OF THE INTERIOR,

Washington, D. C., May 15, 1906.

Sealed proposals to furnish such coal and building material as may be required by the Freedmen's Hospital, during the fiscal year ending June 30, 1907, will be received until 2 o'clock p. m., Friday, May 25, 1906, and be opened opened immediately thereafter in the presence of such bidders as may attend.

# PROPOSAL-GUARANTY.

Each proposal must be made in duplicate, on the forms furnished by the Department, and must be signed by the individual or partnership making same; when made by a partnership, the name of each partner must be signed. If made by a corporation, proposals must be signed by the officer thereof authorized to bind it by contract, and be accompanied with a copy, under seal, of his authority to sign.

Proposals for coal must give the true name of the company or mine by which the coal offered is generally known in the market.

.

The proposal must be accompanied with a guaranty, signed by at least two responsible guarantors, that the bidder shall, within ten days after being called upon to do so, execute a contract in accordance with the terms of his proposal, and give a bond for the faithful performance thereof, with good and sufficient sureties as hereinafter required. The responsibility and sufficiency of the signers of such guaranty to be certified to by the postmaster, United States judge, United States attorney, or the clerk of a court of record at or nearest to the place of residence of the bidder. The guaranty must be in the penal sum of \$250 if the value of the articles embraced in the proposal is \$1,000 or less; of \$500 for a bid of more than \$1,000 and not exceeding \$5,000; of \$1,000 for a bid of more than \$5,000 and not exceeding \$10,000; and of \$3,000 for a bid of over \$10,000. If preferred, a certified check for like amounts, payable to the order of the Secretary of the Interior, may be filed in lieu of guaranty, the amount of said check to be forfeited to the Government in event of failure on the part of the bidder to enter into contract in accordance with the proposal. If the amount of the bid is not greater than \$250, a certified check for a sum equal to 20 per cent of said amount may be submitted in lieu of guaranty bond.

#### QUANTITY AND QUALITY OF ARTICLES.

The quantities given in the schedule are the estimated requirements for the fiscal year ending June 30, 1907; but it is to be distinctly understood that these estimates are given for information only, and no obligation upon the Government is imposed thereby, the right being reserved to order any greater or any less quantity as the interests of the service may require.

All articles must be of the best quality, unless otherwise specified in the schedule. The coal to be thoroughly screened, free from slate, dirt, and dust.

Bituminous coal must be equal to the best grade of Cumberland coal, and 2,240 pounds shall constitute a ton of coal.

All bituminous coal supplied will be subject to test, and must in every instance come up to the following minimum standard:

Moisture.	Waste.	Refuse.	Combusti- ble volatile matter.	Fixed earbon.	Heat values.
Not more than 0.50 per cent.	Not more than 5 per cent ash.	Not more than 2 per cent clinker.	20 percent	67.47 per cent .	Not less than 14,000 British thermal units per pound.

Percentage of clinker to be determined by practical test in boiler furnaces at hospital.

A sufficient quantity of coal must be furnished for test when required.

The wood must be thoroughly seasoned, merchantable, and reasonably free from knots or defects.

The ice must be equal to best quality northern ice, clear and solid, trimmed of snow or other defects.

If manufactured ice is offered, bids must be for furnishing plate ice only. Can ice will not be accepted under the contract.

Lumber to be thoroughly seasoned and in all respects first class of the quality specified. When 12 to 16 inches is specified, it is to be understood that half will be 12 and half 16 inches wide.

# AWARD.

Bids will be considered on each item separately and contract awarded to the lowest responsible bidder.

If the bidder to whom the first award may be made should fail to enter into a contract as herein provided, then the award may be annulled and the contract let to the next most desirable bidder in the opinion of the Secretary of the Interior; and such bidder shall be required to fulfill every stipulation embraced herein as if he were the original party to whom the contract was awarded.

None of the contracts can in any case be lawfully transferred or assigned.

Contracts will be awarded only to established dealers in the articles offered.

No proposals will be considered from any person, firm, or corporation in default of the performance of any contract or agreement made with the Department, or that has failed to perform the same to the satisfaction of the Department, nor will any contract hereafter be awarded to such person, firm, or corporation.

# CONTRACTOR'S BOND.

Each contractor will be required (in the discretion of the Secretary of the Interior) to give a bond in the sum of at least 50 per cent of the amount of the contract, with two responsible individual sureties or one satisfactory surety company, conditioned upon the faithful performance by the contractor of all the covenants, stipulations, and agreements of the contract on the part of the contractor to be performed as therein set forth.

Individual sureties will be required to justify their responsibility by affidavit, showing that they severally own and possess property of the clear value in the aggregate of double the amount specified in the bond over and above all debts and liabilities and all property by law exempt from execution.

Corporate sureties, before acceptance, must show full compliance with all the requirements of the act of Congress approved August 13, 1894, relating to such corporations.

Corporate sureties on bonds are preferred to individual sureties.

If at any time during the continuance of the contract the sureties, or either of them, shall die, or become irresponsible or insolvent, the Secretary of the Interior shall have the right to require additional and sufficient sureties, which the contractor shall furnish to the satisfaction of the Secretary of the Interior within ten days after notice, and in default thereof the contract may be annulled.

## DELIVERY, INSPECTION, ETC.

Articles furnished under this proposal and contract must be delivered in such quantities as may from time to time be ordered by the surgeon in chief of the hospital; to be delivered at the Freedmen's Hospital, in Washington, D. C., without charge for delivery

Coal must be delivered at the hospital at such times as the surgeon in chief may direct.

rect. Bidders must state name of mine or company whose coal is offered. Articles must be furnished promptly as ordered. On the failure of the contractor to deliver any article within a reasonable time after it is ordered, and of satisfactory quality, the right is reserved by the Secretary of the Interior to purchase such article in open market, if the exigencies of the service require it, or to declare the con-tract forfeited; and if a greater price than that of the contract be paid for such articles, the difference in the total amount of the purchase will be charged to the contractor and the sureties on the bond.

Articles will be inspected within a reasonable time after delivery, and if, in the opinion of the surgeon in chief of the hospital, they are not in accordance with the contract requirements, they will be rejected. The decision of the surgeon in chief on these points to be final, unless otherwise directed by the Secretary of the Interior.

The coal will be weighed by a representative of the Department, without expense to the contractor, as required by the act of March 2, 1895.

Ice will be paid for according to weight delivered at the hospital.

## PAYMENTS.

Payments will be made monthly at the office of the Secretary of the Interior for such articles as may be delivered in conformity with the contract and accepted, upon vouchers certified and approved by the surgeon in chief, and after proper examination and adjustment of accounts.

Payments may be withheld by the Secretary of the Interior if it shall appear to his satisfaction that the contract has not been complied with in any particular.

#### RESERVATIONS.

The Secretary of the Interior reserves the right to reject any and all bids, to waive technical defects, and to accept any part of any bid and reject the other part if, in his judgment, the interests of the Government shall require it; also the right to annul any contract if, in his opinion, there shall be a failure at any time to perform faithfully any of its stipulations, or in case of a willful attempt to impose upon the Government articles inferior to those required by the contract, and any action taken by the Secretary of the Interior in pursuance of this latter stipulation shall not affect or impair any right or claim of the United States to damages for the breach of any of the covenants of the contract by the contractor.

## ADDRESS OF PROPOSALS.

Proposals must be securely enveloped, sealed, and indorsed (on the envelope) "Proposals for fuel, lumber, etc., for the Freedmen's Hospital," and addressed to the Secretary of the Interior, Washington, D. C.

# Specifications for supplies for the Freedmen's Hospital.

DEPARTMENT OF THE INTERIOR, Washington, D. C., May 15, 1906.

Sealed proposals to furnish such coal and building material as may be required by the Freedmen's Hospital during the fiscal year ending June 30, 1907, will be received until 2 o'clock p. m., Friday, May 25, 1906, and be opened immediately thereafter in the presence of such bidders as may attend.

#### PROPOSAL-GUARANTY.

Each proposal must be made in duplicate, on the forms furnished by the Department, and must be signed by the individual or partnership making same; when made by a partnership, the name of each partner must be signed. If made by a corporation, proposals must be signed by the officer thereof authorized to bind it by contract, and be accompanied with a copy, under seal, of his authority to sign.

Proposals for coal must give the true name of the company or mine by which the coal offered is generally known in the market.

The proposal must be accompanied with a guaranty, signed by at least two responsible guarantors, that the bidder shall, within ten days after being called upon to do so, execute a contract in accordance with the terms of his proposal, and give a bond for the faithful performance thereof, with good and sufficient sureties as hereinafter required. The responsibility and sufficiency of the signers of such guaranty to be certified to by the postmaster, United States judge, United States attorney, or the clerk of a court of record at or nearest to the place of residence of the bidder. The guaranty must be in the penal sum of \$250 if the value of the articles embraced in the proposal is \$1,000 or less; of \$500 for a bid of more than \$1,000 and not exceeding \$5,000; of \$1,000 for a bid of more than \$5.000 and not exceeding \$10,000; and of \$3,000 for a bid of over \$10,000. If preferred, a certified check for like amounts, payable to the order of the Secretary of the Interior, may be filed in lieu of guaranty, the amount of said check to be forfeited to the Government in event of failure on the part of the bidder to enter into contract in accordance with the proposal. If the amount of the bid is not greater than \$250, a certified check for a sum equal to 20 per cent of said amount may be submitted in lieu of guaranty bond.

#### QUANTITY AND QUALITY OF ARTICLES.

The quantities given in the schedule are the estimated requirements for the fiscal year ending June 30, 1907; but it is to be distinctly understood that these estimates are given for information only, and no obligation upon the Government is imposed thereby, the right being reserved to order any greater or any less quantity, as the interests of the service may require.

All articles must be of the best quality, unless otherwise specified in the schedule. The coal to be thoroughly screened, free from slate, dirt, and dust.

Bituminous coal must be equal to the best grade of Cumberland coal, and 2,240 pounds shall constitute a ton of coal.

All bituminous coal supplied will be subject to test, and must in every instance come up to the following minimum standard:

Moisture.	Waste.	Refuse,	Combustible volatile matter.	Fixed carbon.	Heat values.
Not more than 0.50 per cent.		Not more than 2 per cent clinker.	20 per cent.	67.47 per cent.	Not less than 14,000 British thermal units per pound.

Percentage of clinker to be determined by practical test in boiler furnaces at hospital.

A sufficient quantity of coal must be furnished for test when required.

The wood must be thoroughly seasoned, merchantable, and reasonably free from knots or defects.

The ice must be equal to best quality northern ice, clear and solid, trimmed of snow or other defects.

If manufactured ice is offered, bids must be for furnishing plate ice only. Can ice will not be accepted under the contract.

Lumber to be thoroughly seasoned and in all respects first-class of the quality specified. When 12 to 16 inches is specified it is to be understood that half will be 12 and half 16 inches wide.

## AWARD.

Bids will be considered on each item separately and contract awarded to the lowest responsible bidder.

If the bidder to whom the first award may be made should fail to enter into a contract as herein provided, then the award may be annulled and the contract let to the next most desirable bidder in the opinion of the Secretary of the Interior; and such bidder shall be required to fulfill every stipulation embraced herein as if he were the original party to whom the contract was awarded.

None of the contracts can in any case be lawfully transferred or assigned.

Contracts will be awarded only to established dealers in the articles offered.

No proposals will be considered from any person, firm, or corporation in default of the performance of any contract or agreement made with the Department, or that has failed to perform the same to the satisfaction of the Department, nor will any contract hereafter be awarded to such person, firm, or corporation.

#### CONTRACTOR'S BOND.

Each contractor will be required (in the discretion of the Secretary of the Interior) to give a bond in the sum of at least 50 per cent of the amount of the contract, with two responsible individual sureties or one satisfactory surety company, conditioned upon the faithful performance by the contractor of all the covenants, stipulations, and agreements of the contract on the part of the contractor to be performed as therein set forth.

Individual sureties will be required to justify their responsibility by affidavit, showing that they severally own and possess property of the clear value in the aggregate of double the amount specified in the bond over and above all debts and liabilities and all property by law exempt from execution.

Corporate sureties, before acceptance, must show full compliance with all the requirements of the act of Congress approved August 13, 1894, relating to such corporations.

Corporate sureties on bonds are preferred to individual sureties.

If at any time during the continuance of the contract the sureties, or either of them, shall die, or become irresponsible or insolvent, the Secretary of the Interior shall have the right to require additional and sufficient sureties, which the contractor shall furnish, to the satisfaction of the Secretary of the Interior, within ten days after notice, and in default thereof the contract may be annulled.

## DELIVERY, INSPECTION, ETC.

Articles furnished under this proposal and contract must be delivered in such quantities as may from time to time be ordered by the surgeon in chief of the hospital. To be delivered at the Freedmen's Hospital in Washington, D. C., without charge for delivery.

Coal must be delivered at the hospital at such times as the surgeon in chief may direct. Bidders must state name of mine or company whose coal is offered.

Articles must be furnished promptly as ordered. On the failure of the contractor to deliver any article within a reasonable time after it is ordered, and of satisfactory quality, the right is reserved by the Secretary of the Interior to purchase such article in open market, if the exigencies of the service require it, or to declare the contract forfeited; and if a greater price than that of the contract be paid for such articles, the difference in the total amount of the purchase will be charged to the contractor and the sureties on the bond.

Articles will be inspected within a reasonable time after delivery, and if, in the opinion of the surgeon in chief of the hospital, they are not in accordance with the

contract requirements they will be rejected. The decision of the surgeon in chief on these points to be final, unless otherwise directed by the Secretary of the Interior. The coal will be weighed by a representative of the Department without expanse.

The coal will be weighed by a representative of the Department, without expense to the contractor, as required by the act of March 2, 1895.

Ice will be paid for according to weight delivered at the hospital.

## PAYMENTS.

Payments will be made monthly at the office of the Secretary of the Interior for such articles as may be delivered in conformity with the contract and accepted, upon vouchers certified and approved by the surgeon in chief, and after proper examination and adjustment of accounts.

Payments may be withheld by the Secretary of the Interior if it shall appear to his satisfaction that the contract has not been complied with in any particular.

# RESERVATIONS.

The Secretary of the Interior reserves the right to reject any and all bids, to waive technical defects, and to accept any part of any bid and reject the other part if, in his judgment, the interests of the Government shall require it; also the right to annul any contract if, in his opinion, there shall be a failure at any time to perform faithfully any of its stipulations, or in case of a willful attempt to impose upon the Government articles inferior to those required by the contract, and any action taken by the Secretary of the Interior in pursuance of this latter stipulation shall not affect or impair any right or claim of the United States to damages for the breach of any of the covenants of the contract by the contractor.

#### ADDRESS OF PROPOSALS.

Proposals must be securely enveloped, sealed, and indorsed (on the envelope) "Proposals for fuel, lumber, etc., for the Freedmen's Hospital," and addressed to the Secretary of the Interior, Washington, D. C.

ETHAN A. HITCHCOCK, Secretary of the Interior.

Schedule of fuel, ice, lumber, and building material for the Freedmen's Hospital, for fiscal year ending June 30, 1907.

No. of	Estimated		Price.	
item.	quantity.	Articles.	Dollars.	Cts.
1	300 tons	Coal, Cumberland, best run of mine; to comply with require- ments as to test, etc., specified on page 2 of the specifica- tions, \$3.73 per ton. Big Vein Georges Creek coal, from the mines of the Consolidation Coal Co., of Maryland.	1,119	00
2	100 tous	Coal, white ash, furnace, free-burning, \$5.68 per ton. Coal from the mines of the Phila. & Reading Co.	580	00

W. W. GRIFFITH, WOOD, COAL, AND ICE, May 25th, 1906.

To the Secretary of the Interior.

SIR: I can supply the Consolidation Coal Company's Jener coal at \$3.53 per ton, and wish this considered as part of my proposal.

Very truly,

W. W. GRIFFITH.

#### GUARANTY.

[Note.—If preferred, a certified check may be submitted with bid in lieu of this guaranty. See page 2 of specifications.]

We, The United States Fidelity & Guaranty Co., a corporation of the State of Maryland, for value received, hereby guarantee and bind ourselves and each of us, our and each of our successors and assigns, in the event that a contract for furnishing supplies for the Freedmen's Hospital, according to the advertisement and specifications of May 15, 1906, shall be awarded to Ward W. Griffith, that —he--, the said 'Ward W. Griffith, will, within the time limited by the specifications, enter into and duly execute, as required by the said specifications, a contract accordingly, and this guaranty is based upon and governed by the said specifications as to its scope and extent; and in case of failure of the said Ward W. Griffith to enter into contract as above, that we will forfeit and pay to the United States the sum of\* five hundred dollars (\$500), for which forfeiture we will be jointly and severally liable, as fixed and settled damages, and not as a penalty to be reduced or diminished.

Dated at Washington, D. C., May 24, 1906.

Signatures of guarantors:

Attorney in Fact.

#### CERTIFICATE.

The undersigned, \_\_\_\_\_, in the State of \_\_\_\_, certifies that he is acquainted with the above guarantors and knows them to be citizens of the United States, men of property, and able to make good their guaranty.

(Official character:) —

\*\$250 for each bid of \$1,000 or less; \$500 for each bid of more than \$1,000 and not exceeding \$5,000; \$1,000 for each bid of more than \$5,000 and not exceeding \$10,000; \$3,000 for each bid exceeding \$10,000.

†This certificate must be signed by the postmaster, United States judge, United States attorney, United States commissioner, United States collector of internal revenue, or the clerk of a court of record at or nearest the place of residence of the bidder.

# Copies of contracts for the fiscal year ending June 30, 1907, for supplying the Howard University with fuel.

Articles of agreement made and entered into this thirteenth day of July, 1906, between C. H. Burgess Sons Co., a corporation duly organized under the laws of the District of Columbia, and having its usual place of business in Washington, District of Columbia, its successors and assigns, of the first part, and Thomas Ryan, Acting Secretary of the Interior, for and on behalf of the United States, of the second part,

Witnesseth: That the said party of the first part, for the consideration hereinafter mentioned and contained, and under the penalty expressed in a bond bearing even date herewith, covenants and agrees to furnish, during the fiscal year ending June 30, 1907, such articles as may be required by the Howard University, and as have been accepted in the proposal of the said party of the first part, dated May 25, 1906, to wit: items in the proposal numbered 96, 97, 98, and 99, at the rate or rates specified in said proposal.

The said party of the first part further agrees to furnish the articles specified in the above-mentioned item — in accordance with, and subject to, the conditions expressed in the proposal and in the specifications hereto attached, which proposal and specifications enter into and form a part of this contract; and also in accordance with the samples furnished.

The party of the first part expressly agrees that the party of the second part shall have the right to order a greater or less quantity of each and every article named or referred to in this agreement as the public service may require; and further agrees that in case of failure to observe any, or all, of the covenants and agreements to be performed by the party of the first part under this contract, that the Secretary of the Interior alone shall determine what constitutes a failure or default hereunder, and that such decision as he may reach in the matter shall be final and conclusive.

The party of the second part hereby agrees to pay, or cause to be paid on behalf of the United States, to the said party of the first part, its successors and assigns, for all the articles delivered hereunder the rates or prices specified in the proposal and contract.

It is further stipulated and agreed that in the performance of this contract no persons shall be employed who are undergoing sentences of imprisonment at hard labor which have been imposed by courts of the several States, Territories, or municipalities having criminal jurisdiction.

Neither this contract nor any interest therein shall be transferred by the said party of the first part to any other party or parties, and any such transfer shall cause the annullment of the contract so far as the United States is concerned. All rights of action, however, to recover for any breach of this contract by the said party of the first part are reserved to the United States.

No Member of or Delegate to Congress is or shall be admitted to any share or part in this contract, or to any benefits which may arise therefrom, and the provisions of sections 3739, 3740, and 3741 of the Revised Statutes of the United States, relating to contracts, enter into and form a part of this agreement so far as the same may be applicable.

In testimony whereof the parties aforesaid have hereunto set their hands and affixed their seals on the day and year first above written.

[Proposals must be made and signed in duplicate ]

Proposal—Supplies for the Howard University.

WASHINGTON, D. C., May 25, 1906.

To the Secretary of the Interior.

SIR: The undersigned, dealers in coal & wood, propose to furnish to the Depart-ment of the Interior, for the use of the Howard University, during the fiscal year ending June 30, 1907, in compliance with the terms of the specifications hereto attached, all the conditions of which are hereby accepted and made a part of this proposal, any or all of the articles named in the accompanying schedule, opposite which prices have been affixed, at the rates therein stated, to be delivered at the Howard University, Washington, D. C.

The right is accorded to the Department to order a greater or less quantity of any or all the articles embraced in this proposal, as may be required.

Respectfully,

C. H. BURGESS SONS Co. (INC.)., Per R. E. BURGESS, President.

Doing business as C. H. Burgess Sons Co.

Place of business: 8th and O sts. NW.

Signature of each member of the firm and firm name. If a corporation, its name and signature of the officer authorized to sign for the corporation, together with a copy, under seal, of his authority to sign.

Names of individual members of firm: -

Name of corporation <sup>•</sup> C. H. Burgess Sons Co. (Inc.). Name of president: R. E. Burgess. Name of secretary: Chas. P. Siebold.

Under what law corporation is organized: District of Columbia.

# Specifications for supplies for the Howard University.

DEPARTMENT OF THE INTERIOR, Washington, D. C., May 15, 1906.

Sealed proposals to furnish such supplies as may be required by the Department of the Interior for the use of the Howard University during the fiscal year ending June 30, 1907, will be received until 2 o'clock p. m., Friday, May 25, 1906.

#### PROPOSAL-GUARANTY.

Proposals must be made in duplicate, on the forms furnished by the Department, and must be signed by the individual or partnership making same; when made by a partnership, the name of each partner must be signed. If made by a corporation, proposals must be signed by the officer thereof authorized to bind it by contract, and be accompanied with a copy, under seal, of his authority to sign.

The proposal must be accompanied with a guaranty, signed by at least two responsible guarantors, that the bidder shall, within ten days after being called upon to do so, execute a contract in accordance with the terms of the proposal, and give a bond for the faithful performance thereof, with good and sufficient sureties as hereinafter required. The responsibility and sufficiency of the signers of such guaranty to be certified to by the postmaster, United States judge, United States attorney, or the clerk of a court of record at or nearest to the place of residence of the bidder. The guaranty must be in the penal sum of \$250 if the value of the articles embraced in the proposal is \$1,000 or less; of \$500 for a bid of more than \$1,000 and not exceeding \$5,000; of \$1,000 for a bid of more than \$5,000. If preferred, a certified check for like amounts, payable to the order of the Secretary of the Interior, may be filed in lieu of guaranty, the amount of said check to be forfeited to the Government in event of failure on the part of the bidder to enter into contract in accordance with the proposal. If the amount of the bid is not greater than \$250, a certified check for a sum equal to 20 per cent of said amount may be submitted in lieu of guaranty bond.

## QUANTITY AND QUALITY OF ARTICLES.

The quantities given in the schedule are the estimated requirements for the fiscal year ending June 30, 1907; but it is to be distinctly understood that these estimates are given for information only, and no obligation upon the Government is imposed thereby, the right being reserved to order any greater or any less quantity, as the interest of the service may require.

All articles must be of the best quality, unless otherwise specified in the schedule. The coal to be thoroughly screened, free from slate, dirt, and dust, and satisfactory in every respect. Each ton must weigh not less than 2,240 pounds.

The wood must be thoroughly seasoned, merchantable, and reasonably free from knots or defects.

Lumber to be thoroughly seasoned and in all respects first elass of the quality specified.

The ice must be equal to best quality northern ice, clear and solid, trimmed of snow or other defects.

If manufactured ice is offered, bids must be for furnishing plate ice only. Can ice will not be accepted under the contract.

#### SAMPLES.

Samples must be furnished as required in the schedule. Where schedule requires that articles shall be "like samples," such samples may be seen at the "niversity. A list of samples submitted must accompany the proposal.

Each sample must be plainly marked with a number corresponding to the number on the schedule of the item to which it relates, the price and the name of the bidder. The package containing samples should be plainly marked "Samples, Howard University Supplies."

If in any case the samples submitted by the bidder should be superior to the requirements of the specifications he will be expected and required to furnish goods equal in all respects to his sample, notwithstanding its superiority.

## AWARD.

Bids will be considered on each item separately and contract awarded to the lowest responsible bidder except where samples are required, when price and quality of sample will be taken into consideration in making the award. If the bidder to whom the first award may be made should fail to enter into a contract as herein provided, then the award may be annulled and the contract let to the next most desirable bidder in the opinion of the Secretary of the Interior; and such bidder shall be required to fulfill every stipulation embraced herein as if he were the original party to whom the contract was awarded.

None of the contracts can in any case be lawfully transferred or assigned.

Contracts will be awarded only to established dealers in the articles offered.

The contractors must save, keep, bear harmless, and fully indemnify the United States and any of its officers or agents from all damages or claims for damages, costs, or expenses in law or equity that may at any time arise or be set up for any infringement of the patent rights of any person or persons in consequence of the use by the Department of the Interior, or by any of its officers or agents, of articles supplied under this proposal, and of which the contractor is not the patentee or assignee, or lawfully entitled to sell the same.

No proposal will be considered from any person, firm, or corporation in default of the performance of any contract or agreement made with the Department, or that has failed to perform the same to the satisfaction of the Department, nor will any contract hereafter be awarded to such person, firm, or corporation.

## DELIVERY, INSPECTION, ETC.

Articles furnished under this proposal and contract must be delivered in such quantities, however small, as may be from time to time ordered by the president of the Howard University, and must be delivered at the Howard University, Washington, D. C., in the usual trade packages, without charge for delivery of packages.

Articles must be furnished promptly as ordered. On the failure of the contractor to deliver any article within a reasonable time after it is ordered, and of satisfactory quality, the right is reserved by the Secretary of the Interior to purchase such article in open market, if the exigencies of the service require it, or to declare the contract forfeited; and if a greater price than that of the contract be paid for such articles, the difference in the total amount of the purchase will be charged to the contractor and the sureties on the bond.

Articles will be inspected within a reasonable time after delivery, and if, in the opinion of the president of the Howard University or his duly authorized agent, they are not in accordance with the contract requirements, they will be rejected and returned to the contractor at his expense; the decision of the president of the university on this point to be final.

The coal will be weighed by a representative of the Department, without expense to the contractor, as required by the act of March 2, 1895.

#### CONTRACTOR'S BOND.

Each contractor will be required (in the discretion of the Secretary of the Interior) to give a bond in the sum of at least 50 per cent of the amount of the contract, with two responsible individual sureties or one satisfactory surety company, conditioned upon the faithful performance by the contractor of all the covenants, stipulations, and agreements of the contract on the part of the contractor to be performed as therein set forth.

Individual sureties will be required to justify their responsibility by affidavit showing that they severally own and possess property of the clear value in the aggregate of double the amount specified in the bond over and above all debts and liabilities and all property by law exempt from execution.

Corporate sureties, before acceptance, must show full compliance with all the requirements of the act of Congress approved August 13, 1894, relating to such corporations.

Corporate sureties on bonds are preferred to individual sureties.

If at any time during the continuance of the contract the sureties, or either of them, shall die, or become irresponsible or insolvent, the Secretary of the Interior shall have the right to require additional and sufficient sureties, which the contractor shall furnish to the acceptance of the Secretary of the Interior within ten days after notice, and in default thereof the contract may be annulled.

## PAYMENTS.

Payments will be made monthly at the office of the Secretary of the Interior for such services as have been performed in conformity with the contract and accepted, and after proper examination and adjustment of the account.

Payments may be withheld by the Secretary of the Interior if it shall appear to his satisfaction that the contract has not been complied with in any particular.

S. Doc. 194, 59-2-4

#### RESERVATIONS.

The Secretary of the Interior reserves the right to reject any and all bids, to waive technical defects, and to accept any part of any bid and reject the other part if, in his judgment, the interests of the Government shall require it; also the right to annul any contract if, in his opinion, there shall be a failure at any time to perform faithfully any of its stipulations, or in case of a willful attempt to impose upon the Government articles inferior to those required by the contract, and any action taken by the Secretary of the Interior in pursuance of this latter stipulation shall not affect or impair any right or claim of the United States to damages for the breach of any of the covenants of the contract by the contractor.

## ADDRESS OF PROPOSALS.

Proposals must be securely enveloped, sealed, and plainly indorsed (on the envelope) "Proposals for Howard University," and addressed to the Secretary of the Interior, Washington, D. C.

E. A. HITCHCOCK, Secretary of the Interior.

# Specifications for supplies for the Howard University.

DEPARTMENT. OF THE INTERIOR, Washington, D. C., May 15, 1906.

Sealed proposals to furnish such supplies as may be required by the Department of the Interior for the use of the Howard University during the fiscal year ending June 30, 1907, will be received until 2 o'clock p. m., Friday, May 25, 1906.

## PROPOSAL-GUARANTY.

Proposals must be made in duplicate, on the forms furnished by the Department, and must be signed by the individual or partnership making same; when made by a. partnership, the name of each partner must be signed. If made by a corporation, proposals must be signed by the officer thereof authorized to bind it by contract, and be accompanied with a copy, under seal, of his authority to sign.

The proposal must be accompanied with a guaranty, signed by at least two responsible guarantors, that the bidder shall, within ten days after being called upon to do so, execute a contract in accordance with the terms of the proposal, and give a bond for the faithful performance thereof, with good and sufficient sureties as hereinafter required. The responsibility and sufficiency of the signers of such guaranty to be certified to by the postmaster, United States judge, United States attorney, or the clerk of a court of record at or nearest to the place of residence of the bidder. The guaranty must be in the penal sum of \$250 if the value of the articles embraced in the proposal is \$1,000 or less; of \$500 for a bid of more than \$1,000 and not exceeding \$5,000; of \$1,000 for a bid of more than \$5,000. If preferred, a certified check for like amounts, payable to the order of the Secretary of the Interior, may be filed in lieu of guaranty, the amount of said check to be forfeited to the Government in event of failure on the part of the bidder to enter into contract in accordance with the proposal. If the amount of the bid is not greater than \$250, a certified check for a sum equal to 20 per cent of said amount may be submitted in lieu of guaranty bond

## QUANTITY AND QUALITY OF ARTICLES.

The quantities given in the schedule are the estimated requirements for the fiscal year ending June 30, 1907; but it is to be distinctly understood that these estimates are given for information only, and no obligation upon the Government is imposed

thereby, the right being reserved to order any greater or any less quantity, as the interest of the service may require.

All articles must be of the best quality, unless otherwise specified in the schedule. The coal to be thoroughly screened, free from slate, dirt, and dust, and satisfactory in every respect. Each ton must weigh not less than 2,240 pounds.

The wood must be thoroughly seasoned, merchantable, and reasonably free from knots or defects.

Lumber to be thoroughly seasoned and in all respects first class of the quality specified.

The ice must be equal to best quality northern ice, clear and solid, trimmed of snow or other defects.

If manufactured ice is offered bids must be for furnishing plate ice only. Can ice will not be accepted under the contract.

## SAMPLES.

Samples must be furnished as required in the schedule. Where schedule requires that articles shall be "like samples," such samples may be seen at the university. A list of samples submitted must accompany the proposal.

Each sample must be plainly marked with a number corresponding to the number on the schedule of the item to which it relates, the price and the name of the bidder. The package containing samples should be plainly marked "Samples, Howard University Supplies."

If in any case the samples submitted by the bidder should be superior to the requirements of the specifications he will be expected and required to furnish goods equal in all respects to his sample, notwithstanding its superiority.

## AWARD.

Bids will be considered on each item separately and contract awarded to the lowest responsible bidder, except where samples are required, when price and quality of sample will be taken into consideration in making the award.

If the bidder to whom the first award may be made should fail to enter into a contract as herein provided, then the award may be annulled and the contract let to the next most desirable bidder in the opinion of the Secretary of the Interior; and such bidder shall be required to fulfill every stipulation embraced herein as if be were the original party to whom the contract was awarded.

None of the contracts can in any case be lawfully transferred or assigned.

Contracts will be awarded only to established dealers in the articles offered. The contractors must save, keep, bear harmless, and fully indemnify the United States and any of its officers or agents from all damages or claims for damages, costs, or expenses in law or equity that may at any time arise or be set up for any infringement of the patent rights of any person or persons in consequence of the use by the Department of the Interior, or by any of its officers or agents, of articles supplied under this proposal, and of which the contractor is not the patentee or assignee, or lawfully entitled to sell the same.

No proposal will be considered from any person, firm, or corporation in default of the performance of any contract or agreement made with the Department, or that has failed to perform the same to the satisfaction of the Department, nor will any contract hereafter be awarded to such person, firm, or corporation.

## DELIVERY, INSPECTION, ETC.

Articles furnished under this proposal and contract must be delivered in such quantities, however small, as may be from time to time ordered by the president of the Howard University, and must be delivered at the Howard University, Washington, D. C., in the usual trade packages, without charge for delivery of packages.

Articles must be furnished promptly as ordered. On the failure of the contractor to deliver any article within a reasonable time after it is ordered, and of satisfactory quality, the right is reserved by the Secretary of the Interior to purchase such article in open market, if the exigencies of the service require it, or to declare the contract forfeited; and if a greater price than that of the contract be paid for such articles, the difference in the total amount of the purchase will be charged to the contractor and the sureties on the bond.

Articles will be inspected within a reasonable time after delivery, and if, in the opinion of the president of the Howard University or his duly authorized agent they are not in accordance with the contract requirements, they will be rejected and

returned to the contractor at his expense; the decision of the president of the university on this point to be final.

The coal will be weighed by a representative of the Department, without expense to the contractor, as required by the act of March 2, 1895.

# CONTRACTOR'S BOND.

Each contractor will be required (in the discretion of the Secretary of the Interior) to give a bond in the sum at least 50 per cent of the amount of the contract, with two responsible individual sureties or one satisfactory surety company, conditioned upon the faithful performance by the contractor of all the covenants, stipulations, and agreements of the contract on the part of the contractor to be performed as therein set forth.

Individual sureties will be required to justify their responsibility by affidavit showing that they severally own and possess property of the clear value in the aggregate of double the amount specified in the bond over and above all debts and liabilities and all property by law exempt from execution.

Corporate sureties, before acceptance, must show full compliance with all the requirements of the act of Congress approved August 13, 1894, relating to such corporations.

Corporate sureties on bonds are preferred to individual sureties.

If at any time during the continuance of the contract the sureties, or either of them, shall die, or become irresponsible or insolvent, the Secretary of the Interior shall have the right to require additional and sufficient sureties, which the contractor shall furnish to the acceptance of the Secretary of the Interior within ten days after notice, and in default thereof the contract may be annulled.

#### PAYMENTS.

Payments will be made monthly at the office of the Secretary of the Interior for such services as have been performed in conformity with the contract and accepted, and after proper examination and adjustment of the account.

Payments may be withheld by the Secretary of the Interior if it shall appear to his satisfaction that the contract has not been complied with in any particular.

# RESERVATIONS.

The Secretary of the Interior reserves the right to reject any and all bids, to waive technical defects, and to accept any part of any bid and reject the other part if, in his judgment, the interests of the Government shall require it; also the right to annul any contract if, in his opinion, there shall be a failure at any time to perform faithfully any of its stipulations, or in case of a willful attempt to impose upon the Government articles inferior to those required by the contract, and any action taken by the Secretary of the Interior in pursuance of this latter stipulation shall not affect or impair any right or claim of the United States to damages for the breach of any of the covenants of the contract by the contractor.

## ADDRESS OF PROPOSALS.

Proposals must be securely enveloped, sealed, and plainly indorsed (on the envelope) "Proposals for Howard University," and addressed to the SECRETARY OF THE INTERIOR, Washington, D. C.

> E. A. HITCHCOCK, Secretary of the Interior.

#### GUARANTY.

[NOTE.—If preferred, a certified check may be submitted with bid in lieu of this guaranty. See third paragraph of specifications.]

We, \_\_\_\_\_\_, for value received, hereby guarantee and bind ourselves and each of us, our and each of our heirs, executors, administrators, and assigns, in the event that a contract for furnishing supplies to the Department of the Interior for the use of the Howard University, according to the advertisement and specifications of May 15, 1906, shall be awarded to \_\_\_\_\_\_, that \_\_he\_\_, the said \_\_\_\_\_\_ \_\_\_\_\_, will, within the time limited by the specifications, enter into and duly execute, as required by the said specifications, a contract accordingly, and this guaranty is based upon and governed by the said specifications as to its scope and extent; and in case of failure of the said \_\_\_\_\_\_ to enter into a contract as above, that we will forfeit and pay to the United States the sum of \*\_\_\_\_\_ dollars (\$\_\_\_\_\_), for which forfeiture we will be jointly and severally liable as fixed and settled damages, and not as a penalty to be reduced or diminished.

Dated at \_\_\_\_\_, \_\_\_\_, 1906.

Signatures of guarantors:

(Post-office address) —, (Post-office address) —,

\*\$250 for each bid of \$1,000 or less; \$500 for each bid exceeding \$1,000 and not exceeding \$5,000; \$1,000 for each bid exceeding \$5,000.

<sup>†</sup>This certificate must be signed by the postmaster, United States judge, United States attorney, United States commissioner, United States collector of internal revenue, or the clerk of a court of record at or nearest the place of residence of the bidder.

## CERTIFICATE.

The undersigned, \_\_\_\_\_, in the State of \_\_\_\_\_, certifies that he is acquainted with the above guarantors and knows them to be citizens of the United States, men of property, and able to make good their guaranty.

Dated at \_\_\_\_\_, \_\_\_\_, 1906.

# Copies of contracts for the fiscal year ending June 30, 1906, for supplying the Howard University with fuel.

Articles of agreement made and entered into this twenty-fourth day of May, 1905, between the C. H. Burgess Sons Co., a corporation duly organized under the laws of the District of Columbia, and having its usual place of business in Washington, District of Columbia, of its successors and assigns, of the first part, and Thomas Ryan, Acting Secretary of the Interior, for and on behalf of the United States, of the second part,

Witnesseth: That the said party of the first part, for the consideration hereinafter mentioned and contained and under the penalty expressed in a bond bearing even date herewith, covenants and agrees to furnish, during the fiscal year ending June 30, 1906, such articles as may be required by the Howard University, Washington, D. C., and as have been accepted in the proposal of the said party of the first part, dated May 3, 1905, to wit: Items in the proposal numbered 95, 96, 97, and 98, at the rate or rates specified in said proposal.

The said party of the first part further agrees to furnish the articles specified in the above-mentioned items in accordance with, and subject to, the conditions expressed in the proposal and in the specifications hereto attached, which proposal and specifications enter into and form a part of this contract; and also in accordance with the samples furnished.

The party of the first part expressly agrees that the party of the second part shall have the right to order a greater or less quantity of each and every article named or referred to in this agreement as the public service may require; and further agrees that in case of failure to observe any, or all, of the covenants and agreements to be performed by the party of the first part under this contract, that the Secretary of the Interior alone shall determine what constitutes a failure or default hereunder, and that such decision as he may reach in the matter shall be final and conclusive.

The party of the second part hereby agrees to pay, or cause to be paid on behalf of the United States, to the said party of the first part, its successors and assigns, for all the articles delivered hereunder the rates or prices specified in the proposal and contract.

It is further stipulated and agreed that in the performance of this contract no persons shall be employed who are undergoing sentences of imprisonment at hard labor which have been imposed by courts of the several States, Territories, or municipalities having criminal jurisdiction.

Neither this contract nor any interest therein shall be transferred by the said party of the first part to any other party or parties; and any such transfer shall cause the annulment of the contract so far as the United States is concerned. All rights of action, however, to recover for any breach of this contract by the said party of the first part are reserved to the United States.

No Member of or Delegate to Congress is or shall be admitted to any share or part in this contract, or to any benefits which may arise therefrom, and the provisions of sections 3739, 3740, and 3741 of the Revised Statutes of the United States, relating to contracts, enter into and form a part of this agreement so far as the same may be applicable.

In testimony whereof the parties aforesaid have hereunto set their hands and affixed their seals on the day and year first above written.

[Proposals must be made and signed in duplicate.]

Proposal—Supplies for the Howard University.

WASHINGTON, D. C., May 3rd, 1905.

To the Secretary of the Interior.

SIR: The undersigned, dealers in coal & wood, propose to furnish to the Department of the Interior, for the use of the Howard University, during the fiscal year ending June 30, 1906, in compliance with the terms of the specifications hereto attached, all the conditions of which are hereby accepted and made a part of this proposal, any or all of the articles named in the accompanying schedule, opposite which prices have been affixed, at the rates therein stated, to be delivered at the Howard University, Washington, D. C.

The right is accorded to the Department to order a greater or less quantity of any or all the articles embraced in this proposal as may be required.

Respectfully,

C. H. BURGESS Sons Co., By R. E. BURGESS,

President.

Doing business as coal dealers.

Place of business: 8th & O sts. NW.

Signature of each member of the firm and firm name. If a corporation, its name and signature of the officer authorized to sign for the corporation, together with a copy, under seal, of his authority to sign.

Names of individual members of firm: -

Name of corporation: C. H. Burgess Sons Co. Name of president: R. E. Burgess. Name of secretary: Chas. P. Siebold.

Under what law corporation is organized: District of Columbia.

Specifications for supplies for the Howard University.

DEPARTMENT OF THE INTERIOR, Washington, D. C., April 1, 1905.

Sealed proposals to furnish such supplies as may be required by the Department of the Interior for the use of the Howard University during the fiscal year ending June 30, 1906, will be received until 2 o'clock p. m., Thursday, May 4, 1905.

## PROPOSAL-GUARANTY.

Proposals must be made in duplicate, on the forms furnished by the Department, and must be signed by the individual or partnership making same; when made by a partnership, the name of each partner must be signed. If made by a corporation, proposals must be signed by the officer thereof authorized to bind it by contract, and be accompanied with a copy, under seal, of his authority to sign.

The proposal must be accompanied with a guaranty, signed by at least two responsible guarantors, that the bidder shall, within ten days after being called upon to do so, execute a contract in accordance with the terms of the proposal, and give a bond for the faithful performance thereof, with good and sufficient sureties as hereinafter required. The responsibility and sufficiency of the signers of such guaranty to be certified to by the postmaster, United States judge, United States attorney, or the clerk of a court of record at or nearest to the place of residence of the bidder. The guaranty must be in the penal sum of \$250 if the value of the articles embraced in the proposal is \$1,000 or less; of \$500 for a bid of more than \$1,000 and not exceeding \$5,000; of \$1,000 for a bid of more than \$5,000. If preferred, a certified check for like amounts, payable to the order of the Secretary of the Interior, may be filed in lieu of guaranty, the amount of said check to be forfeited to the Government in event of failure on the part of the bidder to enter into contract in accordance with the proposal. If the amount of the bid is not greater than \$250, a certified check for a sum equal to 20 per cent of said amount may be submitted in lieu of guaranty bond.

#### QUANTITY AND QUALTIY OF ARTICLES.

The quantities given in the schedule are the estimated requirements for the fiscal year ending June 30, 1906; but it is to be distinctly understood that these estimates are given for information only, and no obligation upon the Government is imposed thereby, the right being reserved to order any greater or any less quantity, as the interest of the service may require.

All articles must be of the best quality, unless otherwise specified in the schedule. The coal to be thoroughly screened, free from slate, dirt, and dust, and satisfactory in every respect. Each ton must weigh not less than 2,240 pounds.

The wood must be thoroughly seasoned, merchantable, and reasonably free from knots or defects.

Lumber to be thoroughly seasoned and in all respects first class of the quality specified.

## SAMPLES.

Samples must be furnished as required in the schedule. Where schedule requires that articles shall be "like samples," such samples may be seen at the University. A list of samples submitted must accompany the proposal.

Each sample must be plainly marked with a number corresponding to the number on the schedule of the item to which it relates, the price, and the name of the bidder. The package containing samples should be plainly marked, "Samples, Howard University supplies."

If in any case the samples submitted by the bidder should be superior to the requirements of the specifications, he will be expected and required to furnish goods equal in all respects to his sample, notwithstanding its superiority.

#### · AWARD.

Bids will be considered on each item separately and contract awarded to the lowest responsible bidder, except where samples are required, when price and quality of sample will be taken into consideration in making the award.

If the bidder to whom the first award may be made should fail to enter into a contract as herein provided, then the award may be annulled and the contract let to the next most desirable bidder in the opinion of the Secretary of the Interior, and such bidder shall be required to fulfill every stipulation embraced herein as if he were the original party to whom the contract was awarded.

None of the contracts can in any case be lawfully transferred or assigned.

Contracts will be awarded only to established dealers in the articles offered.

The contractors must save, keep, bear harmless, and fully indemnify the United States and any of its officers or agents from all damages or claims for damages, costs, or expenses in law or equity that may at any time arise or be set up for any infringement of the patent rights of any person or persons in consequence of the use by the Department of the Interior, or by any of its officers or agents, of articles supplied under this proposal, and of which the contractor is not the patentee or assignee, or lawfully entitled to sell the same.

No proposal will be considered from any person, firm, or corporation in default of the performance of any contract or agreement made with the Department, or that has failed to perform the same to the satisfaction of the Department, nor will any contract hereafter be awarded to such person, firm, or corporation.

#### DELIVERY, INSPECTION, ETC.

Articles furnished under this proposal and contract must be delivered in such quantities, however small, as may be from time to time ordered by the president of the Howard University, and must be delivered at the Howard University, Washington, D. C., in the usual trade packages, without charge for delivery of packages.

Articles must be furnished promptly as ordered. On the failure of the contractor to deliver any article within a reasonable time after it is ordered, and of satisfactory quality, the right is reserved by the Secretary of the Interior to purchase such article in open market, if the exigencies of the service require it, or to declare the contract forfeited; and if a greater price than that of the contract be paid for such articles the difference in the total amount of the purchase will be charged to the contractor and the sureties on the bond.

Articles will be inspected within a reasonable time after delivery, and if, in the opinion of the president of the Howard University or his duly authorized agent, they are not in accordance with the contract requirements they will be rejected and returned to the contractor at his expense. The decision of the president on this point to be final.

The coal will be weighed by a representative of the Department, without expense to the contractor, as required by the act of March 2, 1895.

## CONTRACTOR'S BOND.

Each contractor will be required (in the discretion of the Secretary of the Interior) to give a bond in the sum of at least 50 per cent of the amount of the contract, with two responsible individual sureties or one satisfactory surety company, conditioned upon the faithful performance by the contractor of all the covenants, stipulations, and agreements of the contract on the part of the contractor to be performed as therein set forth.

Individual sureties will be required to justify their responsibility by affidavit showing that they severally own and possess property of the clear value in the aggregate of double the amount specified in the bond over and above all debts and liabilities and all property by law exempt from execution.

Corporate sureties, before acceptance, must show full compliance with all the requirements of the act of Congress approved August 13, 1894, relating to such corporations.

Corporate sureties on bonds are preferred to individual sureties.

If at any time during the continuance of the contract the sureties, or either of them, shall die, or become irresponsible or insolvent, the Secretary of the Interior shall have the right to require additional and sufficient sureties, which the contractor shall furnish to the acceptance of the Secretary of the Interior within ten days after notice, and in default thereof the contract may be annulled.

#### PAYMENTS.

Payments will be made monthly at the office of the Secretary of the Interior for such services as have been performed in conformity with the contract and accepted, and after proper examination and adjustment of the account.

Payments may be withheld by the Secretary of the Interior if it shall appear to his satisfaction that the contract has not been complied with in any particular.

## RESERVATIONS.

The Secretary of the Interior reserves the right to reject any and all bids, to waive technical defects, and to accept any part of any bid and reject the other part, if, in his judgment, the interests of the Government shall require it; also the right to annul any contract if, in his opinion, there shall be a failure at any time to perform faithfully any of its stipulations, or in case of a willful attempt to impose upon the Government articles inferior to those required by the contract, and any action taken by the Secretary of the Interior in pursuance of this latter stipulation shall not affect or impair any right or claim of the United States to damages for the breach of any of the covenants of the contract by the contractor.

## ADDRESS OF PROPOSALS.

Proposals must be securely enveloped, sealed, and plainly indorsed (on the envelope) "Proposals for Howard University," and addressed to the Secretary of the Interior, Washington, D. C.

Е. А. НІТСИСОСК, Secretary of the Interior.

#### GUARANTY.

[NOTE.—If preferred, a certified check may be submitted with bid in lieu of this guaranty. See third paragraph of specifications.]

We, Richard A. Walker and William D. Sullivan, for value received, hereby guarantee and bind ourselves and each of us, our and each of our heirs, executors, administrators, and assigns, in the event that a contract for furnishing supplies to the Department of the Interior for the use of the Howard University, according to the advertisement and specifications of April 1, 1905, shall be awarded to C. H. Burgess Sons Co., that they, the said C. H. Burgess Sons Co., will, within the time limited by the specifications, enter into and duly execute, as required by the said specifications, a contract accordingly, and this guaranty is based upon and governed by the specification of the speci by the said specifications as to its scope and extent; and in case of failure of the said C. H. Burgess Sons Co. to enter into a contract as above, that we will forfeit and pay to the United States the sum of \* one thousand dollars (\$1,000), for which forfeiture we will be jointly and severally liable as fixed and settled damages, and not as a penalty to be reduced or diminished. Dated at Washington, D. C., May 4, 1905.

Signatures of guarantors:

RICHARD A. WALKER, 1600 7th st. NW. WILLIAM D. SULLIVAN, 1409 8th st. NW.

## CERTIFICATE.

The undersigned, Job Barnard, justice, in the City of Washington, District of Columbia, certifies that he is acquainted with the above guarantors and knows them to be citizens of the United States, men of property, and able to make good their guaranty.

Dated at Washington, D. C., May 4, 1905.

† JOB BARNARD, Justice of the S. C. D. C. \*\$250 for each bid of \$1,000 or less; \$500 for each bid exceeding \$1,000 and not exceeding \$5,000; \$1,000 for each bid exceeding \$5,000.

<sup>†</sup>This certificate must be signed by the postmaster, United States judge, United States attorney, United States commissioner, United States collector of internal revenue, or the clerk of a court of record at or nearest the place of residence of the bidder.

Articles of agreement made and entered into this twenty-third day of May, 1905, between J. Edward Chapman, doing business under the firm name and style of J. Edward Chapman, in Washington, District of Columbia, his heirs, executors, administrators, and assigns, of the first part, and Thomas Ryan, Acting Secretary of the Interior, for and on behalf of the United States, of the second part.

Witnesseth: That the said party of the first part, for the consideration hereinafter mentioned and contained, and under the penalty expressed in a bond bearing even date herewith, covenants and agrees to furnish during the fiscal year ending June 30, 1906, such articles as may be required by the Howard University, Washington, D. C., and as have been accepted in the proposal of the said party of the first part, dated May 4, 1905, to wit : Item in the proposal numbered 99, at the rate or rates specified in said proposal.

The said party of the first part further agrees to furnish the articles specified in the above-mentioned item in accordance with, and subject to, the conditions expressed in the proposal and in the specifications hereto attached, which proposal and specifications enter into and form a part of this contract; and also in accordance with the samples furnished.

The party of the first part expressly agrees that the party of the second part shall have the right to order a greater or less quantity of each and every article named or referred to in this agreement as the public service may require; and further agrees that in case of failure to observe any, or all, of the covenants and agreements to be performed by the party of the first part under this contract, that the Secretary of the Interior alone shall determine what constitutes a failure or default hereunder, and that such decision as he may reach in the matter shall be final and conclusive.

The party of the second part hereby agrees to pay, or cause to be paid, on behalf of the United States, to the said party of the first part, his heirs, executors, administrators and assigns, for all the articles delivered hereunder, the rates or prices specified in the proposal and contract.

It is further stipulated and agreed that in the performance of this contract no persons shall be employed who are undergoing sentences of imprisonment at hard labor which have been imposed by courts of the several States, Territories, or municipalities having criminal jurisdiction.

Neither this contract nor any interest therein shall be transferred by the said party of the first part to any other party or parties; and any such transfer shall cause the annulment of the contract, so far as the United States is concerned. All rights of action, however, to recover for any breach of this contract by the said party of the first part are reserved to the United States. No Member of or Delegate to Congress is or shall be admitted to any share or part

No Member of or Delegate to Congress is or shall be admitted to any share or part in this contract, or to any benefits which may arise therefrom, and the provisions of sections 3739, 3740, and 3741 of the Revised Statutes of the United States, relating to contracts, enter into and form a part of this agreement so far as the same may be applicable.

In testimony whereof the parties aforesaid have hereunto set their hands and affixed their seals on the day and year first above written.

J. EDWARD CHAPMAN. [SEAL.] THOS. RYAN, Acting Secretary of the Interior.

Two witnesses to each signature. William A. Callis. O. R. Donahoo.

## Specifications for supplies for the Howard University.

DEPARTMENT OF THE INTERIOR,

Washington, D. C., April 1, 1905.

Sealed proposals to furnish such supplies as may be required by the Department of the Interior for the use of the Howard University during the fiscal year ending June 30, 1906, will be received until 2 o'clock p. m., Thursday, May 4, 1905.

# PROPOSAL-GUARANTY.

Proposals must be made in duplicate, on the forms furnished by the Department, and must be signed by the individual or partnership making same; when made by a partnership, the name of each partner must be signed. If made by a corporation, proposals must be signed by the officer thereof authorized to bind it by contract, and be accompanied with a copy, under seal, of his authority to sign. The proposal must be accompanied with a guaranty, signed by at least two respon-

sible guarantors, that the bidder shall, within ten days after being called upon to do so, execute a contract in accordance with the terms of the proposal, and give a bond for the faithful performance thereof, with good and sufficient sureties as hereinafter required. The responsibility and sufficiency of the signers of such guaranty to be certified to by the postmaster, United States judge, United States attorney, or the clerk of a court of record at or nearest to the place of residence of the bidder. The guaranty must be in the penal sum of \$250 if the value of the articles embraced in the proposal is \$1,000 or less; of \$500 for a bid of more than \$1,000 and not exceeding \$5,000; of \$1,000 for a bid of more than \$5,000. If preferred, a certified check for like amounts, payable to the order of the Secretary of the Interior, may be filed in lieu of guaranty, the amount of said check to be forfeited to the Government in event of failure on the part of the bidder to enter into contract in accordance with the proposal. If the amount of the bid is not greater than \$250, a certified check for a sum equal to 20 per cent of said amount may be submitted in lieu of guaranty bond.

## QUANTITY AND QUALITY OF ARTICLES.

The quantities given in the schedule are the estimated requirements for the fiscal year ending June 30, 1906; but it is to be distinctly understood that these estimates are given for information only, and no obligation upon the Government is imposed thereby, the right being reserved to order any greater or any less quantity, as the interest of the service may require.

All articles must be of the best quality, unless otherwise specified in the schedule. The coal to be thoroughly screened, free from slate, dirt, and dust, and satisfac-tory in every respect. Each ton must weigh not less than 2,240 pounds.

The wood must be thoroughly seasoned, merchantable, and reasonably free from knots or defects.

Lumber to be thoroughly seasoned and in all respects first-class of the quality specified.

#### SAMPLES.

Samples must be furnished as required in the schedule. Where schedule requires that articles shall be "like samples," such samples may be seen at the University. A list of samples submitted must accompany the proposal.

Each sample must be plainly marked with a number corresponding to the number on the schedule of the item to which it relates, the price and the name of the bidder. The package containing samples should be plainly marked "Samples, Howard University Supplies."

If in any case the samples submitted by the bidder should be superior to the requirements of the specifications he will be expected and required to furnish goods equal in all respects to his sample, notwithstanding its superiority.

#### AWARD.

Bids will be considered on each item separately and contract awarded to the lowest responsible bidder, except where samples are required, when price and quality of sample will be taken into consideration in making the award.

If the bidder to whom the first award may be made should fail to enter into a contract as herein provided, then the award may be annulled and the contract let to the next most desirable bidder in the opinion of the Secretary of the Interior; and such bidder shall be required to fulfill every stipulation embraced herein as if he were the original party to whom the contract was awarded.

None of the contracts can in any case be lawfully transferred or assigned.

Contracts will be awarded only to established dealers in the articles offered.

The contractors must save, keep, bear harmless, and fully indemnify the United States and any of its officers or agents from all damages or claims for damages, costs, or expenses in law or equity that may at any time arise or be set up for any infringement of the patent rights of any person or persons in consequence of the use by the Department of the Interior, or by any of its officers or agents, of articles supplied under this proposal, and of which the contractor is not the patentee or assignee, or lawfully entitled to sell the same.

lawfully entitled to sell the same. No proposal will be considered from any person, firm, or corporation in default of the performance of any contract or agreement made with the Department, or that has failed to perform the same to the satisfaction of the Department, nor will any contract hereafter be awarded to such person, firm, or corporation.

# DELIVERY, INSPECTION, ETC.

Articles furnished under this proposal and contract must be delivered in such quantities, however small, as may be from time to time ordered by the president of the Howard University, and must be delivered at the Howard University, Washington, D. C., in the usual trade packages, without charge for delivery of packages.

Articles must be furnished promptly as ordered. On the failure of the contractor to deliver any article within a reasonable time after it is ordered, and of satisfactory quality, the right is reserved by the Secretary of the Interior to purchase such article in open market, if the exigencies of the service require it, or to declare the contract forfeited; and if a greater price than that of the contract be paid for such articles, the difference in the total amount of the purchase will be charged to the contractor and the sureties on the bond.

Articles will be inspected within a reasonable time after delivery, and if, in the opinion of the president of the Howard University, or his duly authorized agent, they are not in accordance with the contract requirements, they will be rejected and returned to the contractor at his expense. The decision of the president on this point to be final.

The coal will be weighed by a representative of the Department, without expense to the contractor, as required by the act of March 2, 1895.

#### CONTRACTOR'S BOND.

Each contractor will be required (in the discretion of the Secretary of the Interior) to give a bond in the sum of at least 50 per cent of the amount of the contract, with two responsible individual sureties, or one satisfactory surety company, conditioned upon the faithful performance by the contractor of all the covenants, stipulations, and agreements of the contract on the part of the contractor to be performed as therein set forth.

Individual sureties will be required to justify their responsibility by affidavit showing that they severally own and possess property of the clear value in the aggregate of double the amount specified in the bond over and above all debts and liabilities, and all property by law exempt from execution.

Corporate sureties, before acceptance, must show full compliance with all the requirements of the act of Congress approved August 13, 1894, relating to such corporations.

Corporate sureties on bonds are preferred to individual sureties.

If at any time during the continuance of the contract the sureties, or either of them, shall die, or become irresponsible or insolvent, the Secretary of the Interior shall have the right to require additional and sufficient sureties, which the contractor shall furnish to the acceptance of the Secretary of the Interior within ten days after notice, and in default thereof the contract may be annulled.

## PAYMENTS.

Payments will be made monthly at the office of the Secretary of the Interior for such services as have been performed in conformity with the contract and accepted, and after proper examination and adjustment of the account.

Payments may be withheld by the Secretary of the Interior if it shall appear to his satisfaction that the contract has not been complied with in any particular.

#### RESERVATIONS.

The Secretary of the Interior reserves the right to reject any and all bids, to waive technical defects, and to accept any part of any bid and reject the other part if, in his judgment, the interests of the Government shall require it; also the right to annul any contract if, in his opinion, there shall be a failure at any time to perform faithfully any of its stipulations, or in case of a willful attempt to impose upon the Government articles inferior to those required by the contract, and any action taken by the Secretary of the Interior in pursuance of this latter stipulation shall not affect or impair any right or claim of the United States to damages for the breach of any of the covenants of the contract by the contractor.

#### ADDRESS OF PROPOSALS.

Proposals must be securely enveloped, sealed, and plainly indorsed (on the envelope) "Proposals for Howard University," and addressed to the Secretary of the Interior, Washington, D. C.

# E. A. HITCHCOCK, Secretary of the Interior.

#### GUARANTY.

[NOTE.—If preferred, a certified cheek may be submitted with bid in lieu of this guaranty. See third paragraph of specifications.]

We, Fillmore Harrison and William A. Callis, for value received, hereby guarantee and bind ourselves and each of us, our and each of our heirs, executors, administrators, and assigns, in the event that a contract for furnishing supplies to the Department of the Interior for the use of the Howard University, according to the advertisement and specifications of April 1, 1905, shall be awarded to J. Edward Chapman, that —he—, the said J. Edward Chapman, will, within the time limited by the specifications, enter into and duly execute, as required by the said specifications, a contract accordingly, and this guaranty is based upon and governed by the said specifications as to its scope and extent; and in case of failure of the said J. Edward Chapman to enter into a contract as above, that we will forfeit and pay to the United States the sum of \*one thousand dollars (\$1,000), for which forfeiture we will be jointly and severally liable as fixed and settled damages, and not as a penalty to be reduced or diminished.

Dated at Washington, D. C., May 4, 1905. Signatures of guarantors:

> FILLMORE HARRISON, 612 14 St. NW. WILLIAM A. CALLIS, 150 S. Caroline.

#### CERTIFICATE.

The undersigned, postmaster of Dist. of Col., certifies that he is acquainted with the above guarantors and knows them to be citizens of the United States, men of property, and able to make good their guaranty.

Dated at Washington, D. C., May 4, 1905.

† JOHN A. MERRITT, Postmaster.

\*250 for each bid of \$1,000 or less; \$500 for each bid exceeding \$1,000 and not exceeding \$5,000; \$1,000 for each bid exceeding \$5,000.

†This certificate must be signed by the postmaster, United States judge, United States attorney, United States commissioner, United States collector of internal revenue, or the clerk of a court of record at or nearest the place of residence of the bidder.

# Copies of contracts for the fiscal year ending June 30, 1906, for supplying the Government Hospital for the Insane with fuel.

Articles of agreement made and entered into this twenty-ninth day of June, 1905, between Maryland Coal and Coke Co., a corporation duly organized under the laws of the State of West Virginia, and having its usual place of business in Baltimore, Md., its successors and assigns, of the first part; and Thomas Ryan, Acting Secretary of the Interior, for and on behalf of the United States, of the second part, Witnesseth: That the said party of the first part, for the consideration hereinafter

Witnesseth: That the said party of the first part, for the consideration hereinafter mentioned and contained, and under the penalty expressed in a bond bearing even date herewith, covenants and agrees to furnish, during the fiscal year ending June 30, 1906, such articles as may be required by the Government Hospital for the Insane, and as have been accepted in the proposal of the said party of the first part, dated May 2, 1905, to wit: Item in the proposal numbered 2, big vein Cumberland coal, at \$2.75 per ton, at the rate or rates specified in said proposal.

The said party of the first part further agrees to furnish the articles specified in the above-mentioned item in accordance with, and subject to, the conditions expressed in the proposal and in the specifications hereto attached, which proposal and specifications enter into and form a part of this contract; and also in accordance with the samples furnished.

The party of the first part expressly agrees that the party of the second part shall have the right to order a greater or less quantity of each and every article named or referred to in this agreement as the public service may require; and further agrees that in case of failure to observe any, or all, of the covenants and agreements to be performed by the party of the first part under this contract, that the Secretary of the Interior alone shall determine what constitutes a failure or default hereunder, and that such decision as he may reach in the matter shall be final and conclusive.

The party of the second part hereby agrees to pay, or cause to be paid on behalf of the United States, to the said party of the first part, its successors and assigns, for all the articles delivered hereunder the rates or prices specified in the proposal and contract.

It is further stipulated and agreed that in the performance of this contract no persons shall be employed who are undergoing sentences of imprisonment at hard labor which have been imposed by courts of the several States, Territories, or municipalities having criminal jurisdiction. Neither this contract por any interest therein shall be transferred by the said party of the first part to any other party or parties; and any such transfer shall cause the annulment of the contract so far as the United States is concerned. All rights of action, however, to recover for any breach of this contract by the said party of the first part are reserved to the United States.

No Member of or Delegate to Congress is or shall be admitted to any share or part in this contract, or to any benefits which may arise therefrom, and the provisions of sections 3739, 3740, and 3741 of the Revised Statutes of the United States, relating to contracts, enter into and form a part of this agreement so far as the same may be applicable.

In testimony whereof the parties aforesaid have hereunto set their hands and affixed their seals on the day and year first above written.

Proposal.—Fuel, lumber, and building material for the Government Hospital for the Insane.

### BALTIMORE, May 2, 1905.

To the Secretary of the Interior.

SIR: The undersigned, Maryland Coal and Coke Company, propose to furnished to the Department of the Interior, for the use of the Government Hospital for the Insane, during the fiscal year ending June 30, 1906, in compliance with the terms of the specifications hereto attached, all the conditions of which are hereby made a part of this proposal, any or all of the articles named in the accompanying schedule opposite which prices have been affixed, at the rates therein stated, to be delivered at the Government Hospital for the Insane, near Washington, D. C.

The right is accorded to the Department to order a greater or less quantity of any or of all the articles embraced in this proposal as may be required.

Respectfully,

MARYLAND COAL AND COKE CO.,

GEO. P. SPATES, Vice Prest.

During business as Maryland Coal and Coke Co.

Place of business, Union Trust Bldg., Balto., Md.

Signature of each member of the firm and firm name. If a corporation, its name, and signature of the officer authorized to sign for the corporation, together with a copy, under seal, of his authority to sign.

Names of individual members of firm: -----

Name of corporation: Maryland Coal and Coke Company.

Name of president: Henry G. Brown.

Name of secretary, C. H. Diffendorffer.

Under what law corporation is organized: General Laws of West Virginia.

SPECIFICATIONS FOR SUPPLIES FOR THE GOVERNMENT HOSPITAL FOR THE INSANE.

DEPARTMENT OF THE INTERIOR,

Washington, D. C., April 1, 1905.

Sealed proposals to furnish such coal and building material as may be required by the Government Hospital for the Insane during the fiscal year ending June 30, 1906, will be received until 2 o'clock p. m., Thursday, May 4, 1905, and be opened immediately thereafter in the presence of such bidders as may attend.

PROPOSAL -GUARANTY.

Each proposal must be made in duplicate, on the forms furnished by the Department, and must be signed by the individual or partnership making same; when made by a partnership, the name of each partner must be signed. If made by a corporation,

S. Doc. 194, 59-2-5

proposals must be signed by the officer thereof authorized to bind it by contract, and be accompanied with a copy, under seal, of his authority to sign.

Proposals for coal must give the true name of the company or mine by which the coal offered is generally known in the market.

The proposal must be accompanied with a guaranty, signed by at least two respon-sible guarantors, that the bidder shall, within ten days after being called upon to do so, execute a contract in accordance with the terms of his proposal, and give a bond for the faithful performance thereof, with good and sufficient sureties as hereinafter required, the responsibility and sufficiency of the signers of such guaranty to be certified to by the postmaster, United States judge, United States attorney, or the clerk of a court of record at or nearest to the place of residence of the bidder. The guaranty must be in the penal sum of \$250 if the value of the articles embraced in the proposal is \$1,000 or less; of \$500 for a bid of more than \$1,000 and not exceeding \$5,000; of \$1,000 for a bid of more than \$5,000 and not exceeding \$10,000; and of \$3,000 for a bid of over \$10,000. If preferred, a certified check for like amounts, payable to the order of the Secretary of the Interior, may be filed in lieu of guaranty, the amount of said check to be forfeited to the Government in event of failure on the part of the bidder to enter into contract in accordance with the proposal. If the amount of the bid is not greater than \$250, a certified check for a sum equal to 20 per cent of said amount may be submitted in lieu of guaranty bond.

#### QUANTITY AND QUALITY OF ARTICLES.

The quantities given in the schedule are the estimated requirements for the fiscal year ending June 30, 1906; but it is to be distinctly understood that these estimates are given for information only, and no obligation upon the Government is imposed thereby, the right being reserved to order any greater or any less quantity, as the interests of the service may require.

All articles must be of the best quality, unless otherwise specified in the schedule. The coal to be thoroughly screened, free from slate, dirt, and dust.

Bituminous coal must be equal to the best grade of Cumberland coal, and 2,240 pounds shall constitute a ton of coal.

All bituminous coal supplied will be subject to test, and must in every instance come up to the following minimum standard:

Moisture.	Waste.	Refuse.	Combustible volatile mat- ter.	Fixed carbon.	Heat values.
Not more than 50 per cent.		Not more than 4 per cent clinker.	20 per cent.	67.47 per cent.	Not less than 13,- 000 British ther- mal units per pound.

Percentage of clinker to be determined by practical test in boiler furnaces at hospital.

A sample carload of coal must be furnished for test when required. Lumber to be thoroughly seasoned and in all respects first class of the quality specified. When 12 to 16 inches is specified it is to be understood that half will be 12 and half 16 inches wide. Lumber may be delivered in carload lots on hospital switch if preferred, when quantities permit.

#### AWARD.

Bids will be considered on each item separately and contract awarded to the lowest responsible bidder.

If the bidder to whom the first award may be made should fail to enter into a contract as herein provided, then the award may be annulled and the contract let to the next most desirable bidder in the opinion of the Secretary of the Interior; and such bidder shall be required to fulfill every stipulation embraced herein as if he were the original party to whom the contract was awarded.

None of the contracts can in any case be lawfully transferred or assigned.

Contracts will be awarded only to established dealers in the articles offered.

No proposals will be considered from any person, firm, or corporation in default of the performance of any contract or agreement made with the Department, or that has failed to perform the same to the satisfaction of the Department, nor will any contract hereafter be awarded to such person, firm, or corporation.

### CONTRACTOR'S BOND.

Each contractor will be required (in the discretion of the Secretary of the Interior) to give a bond in the sum of at least 50 per cent of the amount of the contract, with two responsible individual sureties or one satisfactory surety company, conditioned upon the faithful performance by the contractor of all the covenants, stipulations, and agreements of the contract on the part of the contractor to be performed as therein set forth.

Individual sureties will be required to justify their responsibility by affidavit, showing that they severally own and possess property of the clear value in the aggregate of double the amount specified in the bond over and above all debts and liabilities and all property by law exempt from execution.

Corporate sureties, before acceptance, must show full compliance with all the requirements of the act of Congress approved August 13, 1894, relating to such corporations.

Corporate sureties on bonds are preferred to individual sureties.

If at any time during the continuance of the contract the sureties, or either of them, shall die, or become irresponsible or insolvent, the Secretary of the Interior shall have the right to require additional and sufficient sureties, which the contractor shall furnish to the satisfaction of the Secretary of the Interior within ten days after notice, and in default thereof the contract may be annulled.

#### DELIVERY, INSPECTION, ETC.

Articles furnished under this proposal and contract must be delivered in such quantities as may from time to time be ordered by the superintendent of the hospital, to be delivered at the Government Hospital for the Insane, near Washington, D. C., without charge for delivery.

Coal must be delivered in carload lots on hospital switch at such times as the superintendent may direct. Bidders must state name of mine or company whose coal is offered. One-half of the coal must be delivered in wooden cars as directed.

Articles must be furnished promptly as ordered. On the failure of the contractor to deliver any article within a reasonable time after it is ordered, and of satisfactory quality, the right is reserved by the Secretary of the Interior to purchase such article in open market, if the exigencies of the service require it, or to declare the contract forfeited; and if a greater price than that of the contract be paid for such articles the difference in the total amount of the purchase will be charged to the contractor and the sureties on the bond.

Articles will be inspected within a reasonable time after delivery, and if, in the opinion of the superintendent of the hospital, or his duly authorized agent, they are not in accordance with the contract requirements, they will be rejected. The decision of the superintendent on these points to be final.

The coal will be weighed by a representative of the Department, without expense to the contractor, as required by the act of March 2, 1895.

#### PAYMENTS.

Payments will be made within sixty days by the superintendent of the hospital for such articles as may be delivered in conformity with the contract and accepted, and after proper examination and adjustment of accounts.

Payments may be withheld by the Secretary of the Interior if it shall appear to his satisfaction that the contract has not been complied with in any particular.

#### RESERVATIONS.

The Secretary of the Interior reserves the right to reject any and all bids, to waive technical defects, and to accept any part of any bid and reject the other part if, in his judgment, the interests of the Government shall require it; also the right to annul any contract if, in his opinion, there shall be a failure at any time to perform faithfully any of its stipulations, or in case of a willful attempt to impose upon the Government articles inferior to those required by the contract, and any action taken by the Secretary of the Interior in pursuance of this latter stipulation shall not affect or impair any right or claim of the United States to damages for the breach of any of the covenants of the contract by the contractor.

#### ADDRESS OF PROPOSALS.

Proposals must be securely enveloped, sealed, and indorsed (on the envelope) "Proposals for fuel, lumber, etc., for the Government Hospital for the Insane," and addressed to the Secretary of the Interior, Washington, D. C.

Specifications for supplies for the Government Hospital for the Insane.

DEPARTMENT OF THE INTERIOR, Washington, D. C., April 1, 1905.

Sealed proposals to furnish such coal and building material as may be required by the Government Hospital for the Insane, during the fiscal year ending June 30, 1906, will be received until 2 o'clock p. m., Thursday, May 4, 1905, and be opened immediately thereafter in the presence of such bidders as may attend.

#### PROPOSAL-GUARANTY.

Each proposal must be made in duplicate, on the form's furnished by the Department, and must be signed by the individual or partnership making same; when made by a partnership the name of each partner must be signed. If made by a corpora-tion, proposals must be signed by the officer thereof authorized to bind it by con-tract, and be accompanied with a copy, under seal, of his authority to sign. Proposals for coal must give the true name of the company or mine by which the

coal offered is generally known in the market.

The proposal must be accompanied with a guaranty, signed by at least two responsible guarantors, that the bidder shall, within ten days after being called upon to do so, execute a contract in accordance with the terms of his proposal, and give a bond for the faithful performance thereof, with good and sufficient sureties as hereinafter required. The responsibility and sufficiency of the signers of such guaranty to be certified to by the postmaster, United States judge, United States attorney, or the clerk of a court of record at or nearest to the place of residence of the bidder. The guaranty must be in the penal sum of \$250 if the value of the articles embraced in the proposal is \$1,000 or less; of \$500 for a bid of more than \$1,000 and not exceeding \$5,000; of \$1,000 for a bid of more than \$5,000 and not exceeding \$10,000, and of \$3,000 for a bid of over \$10,000. If preferred, a certified check for like amounts, payable to the order of the Secretary of the Interior, may be filed in lieu of guaranty, the amount of said check to be forfeited to the Government in event of failure on the part of the bidder to enter into contract in accordance with the proposal. If the amount of the bid is not greater than \$250 a certified check for a sum equal to 20 per cent of said amount may be submitted in lieu of guaranty bond.

### QUANTITY AND QUALITY OF ARTICLES.

The quantities given in the schedule are the estimated requirements for the fiscal year ending June 30, 1906; but it is to be distinctly understood that these estimates are given for information only, and no obligation upon the Government is imposed thereby, the right being reserved to order any greater or any less quantity, as the interests of the service may require.

All articles must be of the best quality, unless otherwise specified in the schedule.

The coal to be thoroughly screened, free from slate, dirt, and dust. Bituminous coal must be equal to the best grade of Cumberland coal, and 2,240. pounds shall constitute a ton of coal.

All bituminous coal supplied will be subject to test, and must in every instance come up to the following minimum standard:

Moisture.	Waste.	Refuse.	Combustible volatile matter.	Fixed carbon.	Heat values.
Not-more-than 0.50 per cent.	Not more than 7 per cent ash.	Not more than 4 per eent clinker.	20 per eent.	67.47 per cent.	Not less than 13,000 British thermal units per pound.

Percentage of clinker to be determined by practical test in boiler furnaces at hospital.

A sample carload of coal must be furnished for test when required.

Lumber to be thoroughly seasoned and in all respects first-class of the quality specified. When 12 to 16 inches is specified it is to be understood that half will be 12 and half 16 inches wide. Lumber may be delivered in carload lots on hospital switch if preferred, when quantities permit.

### AWARD.

Bids will be considered on each item separately and contract awarded to the lowest responsible bidder.

If the bidder to whom the first award may be made should fail to enter into a contract as herein provided, then the award may be annulled and the contract let to the next most desirable bidder in the opinion of the Secretary of the Interior; and such bidder shall be required to fulfill every stipulation embraced herein as if he were the original party to whom the contract was awarded.

None of the contracts can in any case be lawfully transferred or assigned. Contracts will be awarded only to established dealers in the articles offered.

No proposals will be considered from any person, firm, or corporation in default of the performance of any contract or agreement made with the Department, or that has failed to perform the same to the satisfaction of the Department, nor will any contract hereafter be awarded to such person, firm, or corporation.

### CONTRACTOR'S BOND.

Each contractor will be required (in the discretion of the Secretary of the Interior) to give a bond in the sum of at least 50 per cent of the amount of the contract, with two responsible individual sureties or one satisfactory surety company, conditioned upon the faithful performance by the contractor of all the covenants, stipulations, and agreements of the contract on the part of the contractor to be performed as therein set forth.

Individual sureties will be required to justify their responsibility by affidavit, showing that they severally own and possess property of the clear value in the aggregate of double the amount specified in the bond over and above all debts and liabilities and all property by law exempt from execution.

Corporate sureties, before acceptance, must show full compliance with all the requirements of the act of Congress approved August 13, 1894, relating to such corporations.

Corporate sureties on bonds are preferred to individual sureties.

If at any time during the continuance of the contract the sureties, or either of them, shall die, or become irresponsible or insolvent, the Secretary of the Interior shall have the right to require additional and sufficient sureties, which the contractor shall furnish to the satisfaction of the Secretary of the Interior within ten days after notice, and in default thereof the contract may be annulled.

### DELIVERY, INSPECTION, ETC.

Articles furnished under this proposal and contract must be delivered in such quantities as may from time to time be ordered by the superintendent of the hospital. To be delivered at the Government Hospital for the Insane, near Washington, D. C., without charge for delivery.

Coal must be delivered in carload lots on hospital switch at such times as the superintendent may direct. Bidders must state name of mine or company whose coal is offered. One-half of the coal must be delivered in wooden cars as directed.

Articles must be furnished promptly as ordered. On the failure of the contractor to deliver any article within a reasonable time after it is ordered, and of satisfactory quality, the right is reserved by the Secretary of the Interior to purchase such article in open market, if the exigencies of the service require it, or to declare the contract forfeited; and if a greater price than that of the contract be paid for such articles, the difference in the total amount of the purchase will be charged to the contractor and the sureties on the bond.

Articles will be inspected within a reasonable time after delivery, and if, in the opinion of the superintendent of the hospital, or his duly authorized agent, they are not in accordance with the contract requirements, they will be rejected. The decision of the superintendent on these points to be final.

The coal will be weighed by a representative of the Department, without expense to the contractor, as required by the act of March 2, 1895.

#### PAYMENTS.

Payments will be made within sixty days by the superintendent of the hospital for such articles as may be delivered in conformity with the contract and accepted, and after proper examination and adjustment of accounts.

Payments may be withheld by the Secretary of the Interior if it shall appear to his satisfaction that the contract has not been complied with in any particular.

#### RESERVATIONS.

The Secretary of the Interior reserves the right to reject any and all bids, to waive technical defects, and to accept any part of any bid and reject the other part if, in his judgment, the interests of the Government shall require it; also the right to annul any contract if, in his opinion, there shall be a failure at any time to perform faithfully any of its stipulations, or in case of a willful attempt to impose upon the Government articles inferior to those required by the contract, and any action taken by the Secretary of the Interior in pursuance of this latter stipulation shall not affect or impair any right or claim of the United States to damages for the breach of any of the eovenants of the contract by the contractor.

#### ADDRESS OF PROPOSALS.

Proposals must be securely enveloped, sealed, and indorsed (on the envelope) "Proposals for Fuel, Lumber, etc., for the Government Hospital for the Insane," and addressed to the Secretary of the Interior, Washington, D. C.

#### GUARANTY.

[NOTE.—If preferred, a certified check may be submitted with bid in lieu of this guaranty. See page 2 of specifications.]

We, The Title Guaranty and Trust Co. of Scranton, Pa., for value received, hereby guarantee and bind ourselves and each of us, our and each of our heirs, executors, administrators, and assigns, in the event that a contract for furnishing supplies for the Government Hospital for the Insane, according to the advertisement and specifications of April 1, 1905, shall be awarded to J. Maury Dove Co. (Inc.) that they, the said J. Maury Dove Co. (Inc.) will, within the time limited by the specifications, enter into and duly execute, as required by the said specifications, a contract accordingly, and this guaranty is based upon and governed by the said specifications as to its scope and extent; and in case of failure of the said J. Maury Dove Co. to enter into contract as above, that we will forfeit and pay to the United States the sum of \* one thousand dollars (\$1,000), for which forfeiture we will be jointly and severally liable as fixed and settled damages, and not as a penalty to be reduced or diminished.

Dated at Washington, D. C., May 3, 1905.

(Official character:) \_\_\_\_\_.

\*\$2.50 for each bid of \$1,000 or less; \$500 for each bid exceeding \$1,000 and not exceeding \$5,000; \$1,000 for each bid exceeding \$5,000 and not exceeding \$10,000; \$3,000 for each bid exceeding \$10,000.

<sup>†</sup>This certificate must be signed by the postmaster, United States judge, United States attorney, United States commissioner, United States collector of internal revenue, or the clerk of a court of record at or nearest the place of residence of the bidder.

### Copies of contracts for the fiscal year ending June 30, 1907, for supplying the Government Hospital for the Insane with fuel.

Articles of agreement made and entered into this first day of August, 1906, between National Coal Company, a corporation duly organized under the laws of the State of Maryland, and having its usual place of business in Baltimore, its successors and assigns, of the first part, and Thomas Ryan, Acting Secretary of the Interior, for and on behalf of the United States, of the second part:

Witnesseth that the said party of the first part, for the consideration hereinafter mentioned and contained, and under the penalty expressed in a bond bearing even date herewith, covenants and agrees to furnish, during the fiscal year ending June 30, 1907, such articles as may be required by the Government Hospital for the Insane, and as have been accepted in the proposal of the said party of the first part, dated May 24, 1906, to wit: Item in the proposal numbered 2, @ \$2.93 per ton "Georges Creek" at the rate or rates specified in said proposal.

The said party of the first part further agrees to furnish the articles specified in the above-mentioned item in accordance with, and subject to, the conditions expressed in the proposal and in the specifications hereto attached, which proposal and specifications enter into and form a part of this contract; and also in accordance with the samples furnished.

The party of the first part expressly agrees that the party of the second part shall have the right to order a greater or less quantity of each and every article named or referred to in this agreement as the public service may require; and further agrees that in case of failure to observe any, or all, of the covenants and agreements to be performed by the party of the first part under this contract, that the Secretary of the Interior alone shall determine what constitutes a failure or default hereunder, and that such decision as he may reach in the matter shall be final and conclusive.

The party of the second part hereby agrees to pay, or cause to be paid on behalf of the United States, to the said party of the first part, its successors and assigns, for all the articles delivered hereunder the rates or prices specified in the proposal and contract.

It is further stipulated and agreed that in the performance of this contract no persons shall be employed who are undergoing sentences of imprisonment at hard labor which have been imposed by courts of the several States, Territories, or municipalities having criminal jurisdiction.

Neither this contract nor any interest therein shall be transferred by the said party of the first part to any other party or parties; and any such transfer shall cause the annulment of the contract so far as the United States is concerned. All rights of action, however, to recover for any breach of this contract by the said party of the first part are reserved to the United States.

No Member of or Delegate to Congress is or shall be admitted to any share or part in this contract, or to any benefits which may arise therefrom, and the provisions of sections 3739, 3740, and 3741 of the Revised Statutes of the United States, relating to contracts, enter into and form a part of this agreement so far as the same may be applicable.

In testimony whereof the parties aforesaid have hereunto set their hands and affixed their seals on the day and year first above written.

[Proposals must be made and signed in duplicate.]

Proposal.—Fuel, lumber, and building material for the Government Hospital for the Insane.

BALTIMORE, MD., May 24, 1906.

To the Secretary of the Interior.

SIR: The undersigned National Coal Co., propose— to furnish to the Department of the Interior, for the use of the Government Hospital for the Insane, during the fiscal year ending June 30, 1907, in compliance with the terms of the specifications hereto attached, all the conditions of which are hereby accepted and made a part of this proposal, any or all of the articles named in the accompanying schedule, opposite which prices have been affixed, at the rates therein stated, to be delivered at the Government Hospital for the Insane, near Washington, D. C.

The right is accorded to the Department to order a greater or less quantity of any or of all the articles embraced in this proposal as may be required.

Respectfully,

NATIONAL COAL CO. A. J. RYAN, Pres. and Tres.

Doing business as National Coal Co.

Place of business : Baltimore, Md. Signature of each member of the firm and firm name. If a corporation, its name and signature of the officer authorized to sign for the corporation, together with a copy, under seal, of his authority to sign.

Names of individual members of firm : -

Name of corporation : National Coal Co. Name of president : A. J. Ryan.

Name of officer authorized to contract : President A. J. Ryan.

Under what law corporation is organized : Maryland.

Specifications for supplies for the Government Hospital for the Insane.

### DEPARTMENT OF THE INTERIOR, Washington, D. C., May 15, 1906.

Sealed proposals to furnish such coal and building material as may be required by the Government Hospital for the Insane during the fiscal year ending June 30, 1907, will be received until 2 o'clock p. m., Friday, May 25, 1906, and be opened immediately thereafter in the presence of such bidders as may attend.

### PROPOSAL-GUARANTY.

Each proposal must be made in duplicate, on the forms furnished by the Department, and must be signed by the individual or partnership making same; when made by a partnership the name of each partner must be signed. If made by a corporation, proposal must be signed by the officer thereof authorized to bind it by contract, and be accompanied with a copy, under seal, of his authority to sign.

Proposals for coal must give the true name of the company or mine by which the coal offered is generally known in the market.

The proposal must be accompanied with a guaranty, signed by at least two responsible guarantors, that the bidder shall, within ten days after being called upon to do so, execute a contract in accordance with the terms of his proposal, and give a bond for the faithful performance thereof, with good and sufficient sureties as hereinafter required. The responsibility and sufficiency of the signers of such guaranty to be certified to by the postmaster, United States judge, United States attorney, or the clerk of a court of record at or nearest to the place of residence of the bidder. The guaranty must be in the penal sum of \$250 if the value of the articles embraced in the proposal is \$1,000 or less; of \$500 for a bid of more than \$1,000 and not exceeding \$5,000; of \$1,000 for a bid of more than \$5,000 and not exceeding \$10,000, and of \$3,000 for a bid of over \$10,000. If preferred, a certified check for like amounts, payable to the order of the Secretary of the Interior, may be filed in lieu of guaranty, the amount of said check to be forfeited to the Government in event of failure on the part of the bidder to enter into contract in accordance with the proposal. If the amount of the bid is not greater than \$250, a certified check for a sum equal to 20 per cent of said amount may be submitted in lieu of guaranty bond.

#### QUANTITY AND QUALITY OF ARTICLES.

The quantities given in the schedule are the estimated requirements for the fiscal year ending June 30, 1907; but it is to be distinctly understood that these estimates are given for information only, and no obligation upon the Government is imposed thereby, the right being reserved to order any greater or any less quantity as the interests of the service may require

All articles must be of the best quality, unless otherwise specified in the schedule.

The coal to be thoroughly screened, free from slate, dirt, and dust. Bituminous coal must be equal to the best grade of Cumberland coal, and 2,240 pounds shall constitute a ton of coal.

All bituminous coal supplied will be subject to test, and must in every instance come up to the following minimum standard:

Moisture.	Waste.	Refuse.	Combustible volatile matter.	Fixed carbon.	Heat values.
Not more than 0.50 per cent.	Not more than 5 per cent ash.	Not more than 2 per cent clinker.	20 per cent.	67.47 per cent.	Not less than 14,000 British thermal units per pound.

Percentage of clinker to be determined by practical test in boiler furnaces at Hospital.

A sample carload of coal must be furnished for test when required.

Lumber to be thoroughly seasoned and in all respects first-class of the quality specified. When 12 to 16 inches is specified it is to be understood that half will be 12 and half 16 inches wide. Lumber may be delivered in carload lots on Hospital switch if preferred, when quantities permit.

.

#### AWARD.

Bids will be considered on each item separately and contract awarded to the lowest responsible bidder.

If the bidder to whom the first award may be made should fail to enter into a contract as herein provided, then the award may be annulled and the contract let to the next most desirable bidder in the opinion of the Secretary of the Interior; and such bidder shall be required to fulfill every stipulation embraced herein as if he were the original party to whom the contract was awarded.

None of the contracts can in any case be lawfully transferred or assigned.

Contracts will be awarded only to established dealers in the articles offered.

No proposals will be considered from any person, firm, or corporation in default of the performance of any contract or agreement made with the Department, or that has failed to perform the same to the satisfaction of the Department, nor will any contract hereafter be awarded to such person, firm, or corporation.

#### CONTRACTOR'S BOND.

Each contractor will be required (in the discretion of the Secretary of the Interior) to give a bond in the sum of at least 50 per cent of the amount of the contract, with two responsible individual sureties or one satisfactory surety company, conditioned upon the faithful performance by the contractor of all the covenants, stipulations, and agreements of the contract on the part of the contractor to be performed as therein set forth.

Individual sureties will be required to justify their responsibility by affidavit, showing that they severally own and possess property of the clear value in the aggregate of double the amount specified in the bond over and above all debts and liabilities and all property by law exempt from execution.

Corporate sureties, before acceptance, must show full compliance with all the requirements of the act of Congress approved August 13, 1894, relating to such corporations.

Corporate sureties on bonds are preferred to individual sureties.

If at any time during the continuance of the contract the sureties, or either of them, shall die, or become irresponsible or insolvent, the Secretary of the Interior shall have the right to require additional and sufficient sureties, which the contractor shall furnish to the satisfaction of the Secretary of the Interior within ten days after notice, and in default thereof the contract may be annulled.

#### DELIVERY, INSPECTION, ETC.

Articles furnished under this proposal and contract must be delivered in such quantities as may from time to time be ordered by the superintendent of the hospital, to be delivered at the Government Hospital for the Insane, near Washington, D. C., without charge for delivery.

Coal must be delivered in carload lots on hospital switch at such times as the superintendent may direct. Bidders must state name of mine or company whose coal is offered. One-half of the coal must be delivered in wooden cars as directed.

Articles must be furnished promptly as ordered. On the failure of the contractor to deliver any article within a reasonable time after it is ordered, and of satisfactory quality, the right is reserved by the Secretary of the Interior to purchase such article in open market, if the exigencies of the service require it, or to declare the contract forfeited; and if a greater price than that of the contract be paid for such articles, the difference in the total amount of the purchase will be charged to the contractor and the sureties on the bond.

Articles will be inspected within a reasonable time after delivery, and if, in the opinion of the superintendent of the hospital, or his duly authorized agent, they are not in accordance with the contract requirements, they will be rejected. The decision of the superintendent on these points to be final.

The coal will be weighed by a representative of the department, without expense to the contractor, as required by the act of March 2, 1895.

#### PAYMENTS.

Payments will be made within sixty days by the superintendent of the hospital for such articles as may be delivered in conformity with the contract and accepted, and after proper examination and adjustment of accounts.

Payments may be withheld by the Secretary of the Interior if it shall appear to his satisfaction that the contract has not been complied with in any particular.

#### RESERVATIONS.

The Secretary of the Interior reserves the right to reject any and all bids, to waive technical defects, and to accept any part of any bid and reject the other part if, in his judgment, the interests of the Government shall require it; also the right to annul any contract if, in his opinion, there shall be a failure at any time to perform faith-fully any of its stipulations, or in case of a willful attempt to impose upon the Government articles inferior to those required by the contract, and any action taken by the Secretary of the Interior in pursuance of this latter stipulation shall not affect or impair any right or claim of the United States to damages for the breach of any of the covenants of the contract by the contractor.

Specifications for supplies for the Government Hospital for the Insane.

DEPARTMENT OF THE INTERIOR,

Washington, D. C., May 15, 1906.

Seale proposals to furnish such coal and building material as may be required by the Government Hospital for the Insane during the fiscal year ending June 30, 1907, will be received until 2 o'clock p. m., Friday, May 25, 1906, and be opened immediately thereafter in the presence of such bidders as may attend.

#### PROPOSAL-GUARANTY.

Each proposal must be made in duplicate on the forms furnished by the Department, and must be signed by the individual or partnership making same. When made by a partnership the name of each partner must be signed. If made by a corpora-tion proposals must be signed by the officer thereof authorized to bind it by contract, and be accompanied with a copy, under seal, of his authority to sign. Proposals for coal must give the true name of the company or mine by which the

coal offered is generally known in the market.

The proposal must be accompanied with a guaranty, signed by at least two responsible guarantors, that the bidder shall, within ten days after being called upon to do so, execute a contract in accordance with the terms of his proposal, and give a bond for the faithful performance thereof, with good and sufficient sureties as hereinafter required. The responsibility and sufficiency of the signers of such guaranty to be certified to by the postmaster, United States judge, United States attorney, or the clerk of a court of record at or nearest to the place of residence of the bidder. The guaranty must be in the penal sum of \$250 if the value of the articles embraced in the proposal is \$1,000 or less; of \$500 for a bid of more than \$1,000 and not exceeding \$5,000; of \$1,000 for a bid of more than \$5,000 and not exceeding \$10,000, and of \$3,000 for a bid of over \$10,000. If preferred, a certified check for like amounts, payable to the order of the Secretary of the Interior, may be filed in lieu of guaranty, the amount of said check to be forfeited to the Government in event of failure on the part of the bidder to enter into contract in accordance with the proposal. If the amount of the bid is not greater than \$250 a certified check for a sum equal to 20 per cent of said amount may be submitted in lieu of guaranty bond.

#### QUANTITY AND QUALITY OF ARTICLES.

The quantities given in the schedule are the estimated requirements for the fiscal year ending June 30, 1907; but it is to be distinctly understood that these estimates are given for information only, and no obligation upon the Government is imposed thereby, the right being reserved to order any greater or any less quantity as the interests of the service may require.

All articles must be of the best quality, unless otherwise specified in the schedule. The coal to be thoroughly screened, free from slate, dirt, and dust.

Bituminous coal must be equal to the best grade of Cumberland coal, and 2,240 pounds shall constitute a ton of coal.

All bituminous coal supplied will be subject to test and must in every instance come up to the following minimum standard:

Moisture.	Waste.	Refuse.	fuse. Combustible fuse. volatile matter.		Heat values.
Not more than 0.50 per cent,	Not more than 5 per cent ash,	Not more than 2 per cent clinker.	20 per cent.	67.47 per cent.	Not less than 14,000 British thermal units per pound.

Percentage of clinker to be determined by practical test in boiler furnaces at hospital.

A sample carload of coal must be furnished for test when required.

Lumber to be thoroughly seasoned and in all respects first-class of the quality specified. When 12 to 16 inches is specified it is to be understood that half will be 12 and half 16 inches wide. Lumber may be delivered in carload lots on hospital switch, if preferred, when quantities permit.

#### AWARD.

Bids will be considered on each item separately and contract awarded to the lowest responsible bidder.

If the bidder to whom the first award may be made should fail to enter into a contract as herein provided, then the award may be annulled and the contract let to the next most desirable bidder in the opinion of the Secretary of the Interior, and such bidder shall be required to fulfill every stipulation embraced herein as if he were the original party to whom the contract was awarded.

None of the contracts can in any case be lawfully transferred or assigned.

Contracts will be awarded only to established dealers in the articles offered.

No proposals will be considered from any person, firm, or corporation in default of the performance of any contract or agreement made with the Department, or that has failed to perform the same to the satisfaction of the Department, nor will any contract hereafter be awarded to such person, firm, or corporation.

### CONTRACTOR'S BOND.

Each contractor will be required (in the discretion of the Secretary of the Interior) to give a bond in the sum of at least 50 per cent of the amount of the contract, with two responsible individual sureties or one satisfactory surety company, conditioned

80

upon the faithful performance by the contractor of all the covenants, stipulations, and agreements of the contract on the part of the contractor to be performed as therein set forth.

Individual sureties will be required to justify their responsibility by affidavit, showing that they severally own and possess property of the clear value in the aggregate of double the amount specified in the bond over and above all debts and liabilities and all property by law exempt from execution.

Corporate sureties, before acceptance, must show full compliance with all the requirements of the act of Congress approved August 13, 1894, relating to such corporations.

Corporate sureties on bonds are preferred to individual sureties.

If at any time during the continuance of the contract the sureties, or either of them, shall die or become irresponsible or insolvent, the Secretary of the Interior shall have the right to require additional and sufficient sureties, which the contractor shall furnish to the satisfaction of the Secretary of the Interior within ten days after notice, and in default thereof the contract may be annulled.

#### DELIVERY, INSPECTION, ETC.

Articles furnished under this proposal and contract must be delivered in such quantities as may from time to time be ordered by the superintendent of the hospital, to be delivered at the Government Hospital for the Insane near Washington, D. C., without charge for delivery. Coal must be delivered in carload lots on hospital switch at such times as the

Coal must be delivered in carload lots on hospital switch at such times as the superintendent may direct. Bidders must state name of mine or company whose coal is offered. One-half of the coal must be delivered in wooden cars as directed.

Articles must be furnished promptly as ordered. On the failure of the contractor to deliver any article within a reasonable time after it is ordered, and of satisfactory quality, the right is reserved by the Secretary of the Interior to purchase such article in open market, if the exigencies of the service require it, or to declare the contract forfeited; and if a greater price than that of the contract be paid for such articles, the difference in the total amount of the purchase will be charged to the contractor and the sureties on the bond.

Articles will be inspected within a reasonable time after delivery, and if, in the opinion of the superintendent of the hospital, or his duly authorized agent, they are not in accordance with the contract requirements, they will be rejected. The decision of the superintendent on these points to be final.

The coal will be weighed by a representative of the Department, without expense to the contractor, as required by the act of March 2, 1895.

#### PAYMENTS.

Payments will be made within sixty days by the superintendent of the hospital for such articles as may be delivered in conformity with the contract and accepted, and after proper examination and adjustment of accounts.

Payments may be withheld by the Secretary of the Interior if it shall appear to his satisfaction that the contract has not been complied with in any particular.

#### RESERVATIONS.

The Secretary of the Interior reserves the right to reject any and all bids, to waive technical defects, and to accept any part of any bid and reject the other part if, in his judgment, the interests of the Government shall require it; also the right to annul any contract if, in his opinion, there shall be a failure at any time to perform faithfully any of its stipulations, or in case of a willful attempt to impose upon the Government articles inferior to those required by the contract, and any action taken by the Secretary of the Interior in pursuance of this latter stipulation shall not affect or impair any right or claim of the United States to damages for the breach of any of the covenants of the contract by the contractor.

#### ADDRESS OF PROPOSALS.

Proposals must be securely enveloped, sealed, and indorsed (on the envelope) "Proposals for fuel, lumber, etc., for the Government Hospital for the Insane," and addressed to the Secretary of the Interior, Washington, D. C.

> E. A. HITCHCOCK, Secretary of the Interior.

#### GUARANTY.

[NOTE.-If preferred, a certified eheek may be submitted with bid in lieu of this guaranty. See page 2 of specifications.]

We, William A. H. Church and Thomas P. Stephenson, for value received, hereby guarantee and bind ourselves and each of us, our and each of our heirs, executors, administrators, and assigns, in the event that a contract for furnishing supplies for the Government Hospital for the Insane, according to the advertisement and specifications of May 15, 1906, shall be awarded to Johnson Brothers, that they, the said Johnson Brothers will, within the time limited by the specifications, enter into and duly execute, as required by the said specifications, a contract accordingly, and this guaranty is based upon and governed by the said specifications as to its scope and extent; and in case of failure of the said Johnson Brothers to enter into contract as above, that we will forfeit and pay to the United States the sum of \* one thousand dollars (\$1,000), for which forfeiture we will be jointly and severally liable as fixed and settled damages, and not as a penalty to be reduced or diminished.

Dated at Washington, D. C., May 25, 1906.

Signatures of guarantors:

WILLIAM A. H. CHURCH, Eighth and C streets SW., Washington, D. C. THOS. P. STEPHENSON, Eighth and C streets SW., Washington, D. C.

#### CERTIFICATE.

The undersigned, postmaster, Washington, D. C., certifies that he is acquainted with the above guarantors and knows them to be citizens of the United States, men of property, and able to make good their guaranty. Dated at Washington, D. C., May 25, 1906.

JOHN A. MERRITT, Postmaster.

\* \$250 for each bid of \$1,000 or less; \$500 for each bid exceeding \$1,000 and not exceeding \$5,000; \$1,000 for each bid exceeding \$5,000 and not exceeding \$10,000; \$3,000 for each bid exceeding \$10,000.

† This certificate must be signed by the postmaster, United States judge, United States attorney, United States commissioner, United States collector of internal revenue, or the clerk of a court of record at or nearest the place of residence of the bidder.

SENATE.

## AREA OF COAL LANDS IN CERTAIN STATES.

## LETTER

FROM

# THE SECRETARY OF THE INTERIOR,

TRANSMITTING

A COPY OF A COMMUNICATION FROM THE COMMISSIONER OF THE GENERAL LAND OFFICE, WITH ACCOMPANYING SCHED-ULES, SHOWING THE AREA OF COAL LANDS IN EACH TOWN-SHIP OR FRACTION THEREOF IN CERTAIN STATES.

FEBRUARY 15, 1907.—Referred to the Committee on Public Lands and ordered to be printed.

DEPARTMENT OF THE INTERIOR, Washington, February 13, 1907.

SIR: On the 29th of June. 1906, the Senate passed a resolution in terms as follows:

Resolved, That the Secretary of State, the Secretary of the Treasury, the Secretary of War, the Attorney-General, the Postmaster-General, the Secretary of the Navy, the Secretary of the Interior, the Secretary of Agriculture, and the Secretary of Commerce and Labor be, and they are hereby, directed to inform the Senate: First. What quantities and character of coal were purchased during the last fiscal year for the use of their Departments, or any bureau or branch thereof, and what

First. What quantities and character of coal were purchased during the last fiscal year for the use of their Departments, or any bureau or branch thereof, and what quantities have been contracted for the ensuing fiscal year, or will be needed, stating in all cases who were or are the contracting parties, prices paid or to be paid, and giving in full forms and conditions of contracts.

Second. The Secretary of the Interior is directed to inform the Senate what areas of coal lands are now owned by the United States, with their localities.

Under date of January 4, 1907, the Department submitted to the Senate a full report upon the requirements of paragraph 1 of the resolution and a partial report on paragraph 2.

In such report it was stated that as considerable time had been consumed in collecting and assembling the data-transmitted relative to coal-land areas it was not deemed advisable to further delay the report for the purpose of ascertaining from the records of the General Land Office the title of the United States to the lands in question; that steps, however, would be at once taken to secure this information and forward the same at the earliest practicable date. This work has now been completed, and I have the honor to transmit herewith a copy of a letter from the Commissioner of the General Land Office, with accompanying schedules, showing the area of land in each township or fraction thereof in the States of Colorado, Idaho, Montana, New Mexico, North Dakota, Oregon, South Dakota, Washington, Wyoming, and Utah, title to which has passed from the United States, the areas embraced in entries not patented, and the area of vacant lands, together with the area of such lands within Indian reservations.

It will be seen therefrom that of the lands in the above-mentioned States and Territories upon which the Geological Survey reports "workable coal is known to occur" the area of patented lands aggregates 9,955,903 acres, the area embraced in entries not patented aggregates 1,593,963 acres, the area embraced in vacant lands aggregates 11,140,854 acres, and the area embraced in the Indian reservations aggregates 1,738,273 acres; furthermore, that of the lands in the above-mentioned States and Territories upon which the Geological Survey reports that "workable coal probably exists" the area of patented lands aggregates 19,646,280 acres, the area embraced in entries not patented aggregates 6,461,195 acres, the area of vacant lands aggregates 44,270,247 acres, and the area of lands embraced in Indian reservations aggregates 1,707,330 acres.

Very respectfully,

Е. А. НІТСИСОСК,

Secretary.

The President of the United States Senate.

[Copy.]

DEPARTMENT OF THE INTERIOR, GENERAL LAND OFFICE, Washington, February 12, 1907.

SIR: Under date of January 4, 1907, you transmitted to this Office, for report in duplicate, certain lists which were prepared by the Geological Survey of lands containing coal and lists of lands probably containing coal. You directed that a report, in duplicate, be made as to the title to the lands in said lists.

I have the honor to transmit herewith, in duplicate, a schedule of said lands showing the area in each township or fraction thereof title to which has passed from the United States, the area embraced in entries not patented, and the area of vacant lands. A fourth column is also added showing the area of such lands within Indian reservations. A tabulated statement is also transmitted showing, in a condensed form, the area of each class by States. \* \* \*

A large force of clerks, as many as could be used to advantage, have prepared the data herewith transmitted from the tract books. The showing is not of course exact, as the status of tracts changes by entries or cancellation of entries at the local land offices, notation of which is not made on the records of this Office until some time later. However, it is believed that the statement is fairly accurate.

The papers are herewith returned.

Very respectfully,

W. A. RICHARDS, Commissioner.

The honorable Secretary of the Interior.

### SUMMARY.

Lands upon which the Geological Survey state that "workable coal" is known to occur.
